## Report Stalin Rejects Marshall's Plea To Alter Position

### Premier Stalin Backs Rejection Of 40-Year Pact

Understood To Have Refused To Reverse Soviet Rejection Of Plan

### MARSHALL'S VISIT FAILS OF PURPOSE

By KINGSBURY SMITH  
European General Manager, International News Service

MOSCOW, April 16.—Premier Stalin was understood today to have refused to reverse Russia's rejection of the American-proposed 40-year, four-power pact to keep Germany disarmed, even though it would mean saving the Moscow conference.

Stalin's refusal came during a fateful 90-minute talk with U. S. Secretary of State Marshall, who went directly to the Kremlin immediately after Soviet Foreign Minister Molotov torpedoed the American military alliance plan.

One of the few participants at the Kremlin conference told International News Service that Stalin took the stand that Molotov's position at the Big Four Foreign Ministers Council meeting was in accordance with decisions of the Russian "politburo."

Marshall was accompanied to the Kremlin last evening by Charles (Chip) Bohlen, State department expert on Russia and interpreter, and U. S. Ambassador Gen. Walter Bedell Smith.

Stalin Supports Molotov

Stalin's support of Molotov was based on the fact that the position which has been meeting regularly during the conference is the body which must make vital Soviet political decisions.

The informant told International News Service that the Marshall—

### PA NEW OBSERVES

PA News is told that one local enthusiast opened the lawn mowing season on Tuesday afternoon, giving his front lawn a going over for the first time this year with the mower.

In the 1000 block of North Liberty street, quite a number of daffodils were blooming on one of the lawns.

Several New Castle and Lawrence county residents have reported that they heard a plane going over this district last night about 11 o'clock and believe that it was the Reynolds round the world plane on the last lap of the flight to New York.

Rain of today was welcomed by persons who reside along some of the washed streets and thoroughfares in this locality. Late Tuesday afternoon, traffic on these highways caused large clouds of dust due to the dryness of the roads.

J. C. Wachtman, executive vice president of the Greater New Castle Association, received a letter from Newcastle on Tuesday, by a man whose initials J. C. W. are the same as his. The letter was from J. C. Wilkinson of Newcastle, Natal, South Africa, and was a request for names of business firms here who might be interested in his line of endeavor in South Africa.

### Decisive Point Near In Moscow Parley

By JOHN A. REICHMANN  
(I. N. S. Staff Correspondent)

WASHINGTON, April 16.—Diplomatic quarters today believed that the coming hours in the Moscow conference of "big four" foreign ministers might prove decisive in the relations between Russia and the western powers.

They interpreted the visit of Secretary George C. Marshall to Soviet Premier Joseph Stalin as a probable decisive point in the meeting which began on March 10.

Results Negligible  
As viewed by diplomatic quarters which have followed the meeting from its inception, the results thus far have been negligible. They se-

### To Delay Disclosure Of Palestine Policies

By PIERRE J. HUSS  
(I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., April 16.—The Big Five powers of the United Nations reportedly were in accord today to hold in abeyance disclosure of their respective Palestine policies until the regular session next September of the General Assembly.

The reluctance to show their hand on the touch Holy Land issue during the extraordinary special assembly starting April 28 was attributed to the critical situation in Palestine at the moment.

Avoid General Debate

A basic reason for a marked desire among the leading members of U. N. to avoid a general debate on Palestine at Flushing Meadows in the coming special meeting is the fact that there is no way of getting representation for the Jews in the assembly.

Delegation spokesmen at Lake Success claim that the proposed fact-finding committee will be able to proceed to the Holy Land for an

### Four Executed At Jerusalem

Dov Gruner and Three Other Jewish Underground Fighters Are Hanged

### GREATEST EXECUTION MARKS EXECUTIONS

JERUSALEM, April 16.—(INS)—Four Jewish underground fighters—including 33-year-old Dov Gruner—were hanged at dawn today in the courtyard of the Acre prison amid conditions of the greatest secrecy.

No rabbi was present as is customary, and the close relatives of the doomed quartet had not been notified.

It was the first time in the history of the British administration of Palestine that four persons had been hanged at once. Less than a half-dozen other Jews have been hanged in the last 25 years.

Reuters said an official announcement explained that the Acre prison chaplain refused to attend the condemned men, adding "no member of the Rabinat was present."

Grid For Reprisals  
British military authorities immediately girded for possible reprisals by the Jewish underground, one faction of which—Irgun Zvai Leumi, to which the executed men belonged—previously had threatened civil warfare if the prisoners were put to death.

Most of the Holy Land's 650,000 Jews were confined to their homes, and District Commissioner J. H. Pollock ordered all British civilians in Jerusalem to remain inside the heavily-fortified security zones.

British troops were mobilized to enforce the strict curfew which placed the greater part of Palestine's Jewish population under virtual house arrest.

Armored cars toured the Jewish quarters of Jerusalem, Tel Aviv, Haifa, Peta Tiquah announcing the imposition of the curfew.

In addition to Gruner, the other three Jews who mounted the gallows at Acre were David Rosenbaum, Eliezer Kashani, and Mordecai Alkoshi.

U. S. BOND SALES

PHILADELPHIA, April 16.—(INS)—The treasury department announced today that March sales of U. S. savings bonds in Pennsylvania amounted to \$45,352,132.50. National bond sales for the month totaled \$591,675,000.

### Fear Big Death Toll In Blasts In Texas City

Series Of Explosions Set Off As Result Of Fire On French Ship

### REPORT CHEMICAL PLANT BLOWN UP

(BULLETIN)

ST. LOUIS, April 16.—(INS)—Midwestern area headquarters of the American Red Cross said today that its latest information, for which it could not vouch, indicated a minimum of seventy persons and possibly two hundred were killed in a series of explosions this morning at Texas City, Texas.

HOUSTON, Tex., April 16.

—(INS)—Houston Fire Chief George Richards said today that the Texas City fire department placed the estimated dead in explosions at Texas City today at 700 persons.

Richards said all available Houston fire apparatus was being rushed to Texas City but the extent of the damage was not immediately known.

In Chemical Plant

Richards quoted the Texas City fire chief as saying one of the explosions occurred in the Monsanto Chemical plant at Texas City.

At Galveston, Lt. (JG) W. McElroy, commanding officer of the Coast Guard Lifeboat Station, said a fire aboard a French ship, the Grand Camp, set off a series of almost simultaneous explosions.

McElroy said the ship was loaded either with nitrates or sulphur.

The Coast Guard sent several boats to the scene.

Relief Being Sent

ST. LOUIS, April 16.—(INS)—The midwestern area headquarters of the American Red Cross said today that first reports from Texas City, Tex., levelled by a series of explosions this morning, listed "two to three hundred possibly dead."

Not a window remained intact in half of Galveston county, the Red Cross said. Disaster relief units being mobilized in Houston, Galveston and other nearby communities.

Mobile canteens, ambulances, cots, blankets, doctors and nurses are being sent into the area.

A later, roundabout report to the Red Cross in St. Louis said three oil refineries were still burning near noon today and plans had been made to evacuate the entire population of Texas City.

### Duke Of Windsor Helps Fight Fire

NEW YORK, April 16.—(INS)—The Duke of Windsor was enrolled today in the list of New York's voluntary fire fighters.

The Duke helped hotel employees string hoses to put out a fire in the Waldorf Towers apartment of Baron Egmon Van Zuylen, a member of the Netherlands diplomatic corps.

He had been aroused by the fire alarms sounded throughout the hotel.

### Teachers Not To Ask For Levy Of Per Capita Tax

House Of Delegates Of New Castle P.S.E.A. Decides Against Request

By a vote of the House of Delegates of the New Castle Chapter, Pennsylvania State Education Association, held Tuesday afternoon, April 15, it was decided that the public school teachers of New Castle would not ask the Board of School Directors to levy a per capita tax this year to provide additional salary increases.

The possibility of a per capita tax was set forth as the only possible manner in which additional increases could be made this year, when Dr. A. Clair Moser, assistant executive secretary of the PSEA spoke to the teachers last Friday.

Decision Reached

Following the meeting of the teachers there were some informal meetings of groups and the matter of requesting a per capita levy discussed. The House of Delegates is the executive body of the local chapter and the matter was placed before it. After the matter was plumbed thoroughly the decision not to ask for the levy was reached.

The New Castle school board meets tonight for its regular monthly business meeting. Had the decision been to ask the levy the request would have been made to night. As the matter stands now it would appear that the budget, presently upon public view, would be adopted in its present form with the tax levy at twenty mills.

### REV. O. J. WARNATH TO SPEAK AT RIDGWAY

Rev. O. J. Warnath, S.T.M., pastor of St. Paul's Lutheran church, shall speak in the First Lutheran church, Ridgway, Pa., Thursday evening.

The Ridgway congregation is celebrating its seventy-fifth anniversary from April 13 to 20. Rev. Warnath was pastor of the Ridgway congregation from 1917 to 1922. His sermon subject is entitled "God's Glorious Challenge In And Through the Church of Christ."

### Makes New Flight Record

Round-the-world flight record makers are shown in the picture. Landing their plane at New York shortly after midnight, the trio established a new record for circling the globe. In the plane were: (l. to r.) Milton Reynolds, millionaire pen manufacturer, T. C. Salee, flight engineer, and Capt. Bill Odon, pilot. Reynolds acted as navigator.

### Speedy Senate Action On Greek Aid Sought

By WILLIAM THEIS  
(I. N. S. Staff Correspondent)

WASHINGTON, April 16.—Sen. Vandenberg (R) Mich., warning of an imminent "deterioration" of conditions abroad, began a drive today for passage of the Greco-Turkish aid bill by the end of this week.

But other senate leaders voiced serious doubt that even under the pressure of ordered day and night sessions the senate could dispose of the legislation in the next few days.

To expedite matters, Democratic leaders scrapped for the time being a plan to have congress go on record "condemning" Henry A. Wallace for his attacks on President Truman's foreign policy although such action was taken in the house. Members of both political parties

### Reopen Hearings On Mine Disaster At Centralia, Ill.

WASHINGTON, April 16.—(INS)—The Cordell senate subcommittee reopened hearings today on the Centralia coal mine disaster.

Summoned as witnesses were Bureau of Mines Chief R. R. Sayer and Inspector Frank Perz, who visited the Centralia mine a week before the blast.

With Sayer expected to be called on for detailed explanations of technical problems, the appearance of United Mine Workers Chief John L. Lewis was delayed at least until tomorrow.

In a statement prepared for the subcommittee, Sayers reiterated his defense of Perz' failure to make an "imminent danger" report which Mine Administrator N. H. Collison said would have brought an order closing the mine.

Subcommittee members said they expected Perz to make a detailed explanation of the condition of the mine a week before the explosion that took 111 lives.

### Krug Champions Alaska Statehood

WASHINGTON, April 16.—(INS)—Secretary of Interior Krug today asked Congress to grant statehood to Alaska.

He told a House Public Lands subcommittee in the first public hearing ever held on admission of Alaska to the union, that the territory must be developed so that it may become a bulwark of defense for the United States.

Krug said Alaska has been the victim of absentee exploitation and "has suffered from many years under what is virtually a colonial system."

If Congress grants statehood, he added, Alaska will be able to throw off this yoke and develop its "unbounded resources" more fully.

### Round-World Plane Record Is Cut 12 Hours

Reynolds' Plane Makes Flight Around World In 78 Hours, 55 Minutes

### LANDS AT NEW YORK JUST AFTER MIDNIGHT

By JAMES L. KILGALLAN  
(I. N. S. Staff Correspondent)

NEW YORK, April 16.—Milton J. Reynolds, 54-year-old Chicago fountain pen manufacturer, today held the world's record for girdling the globe—an argosy he said he wouldn't attempt again for 100 million dollars (unless his record was shattered.)

His converted high-speed military plane, the "Reynolds Bombshell," came down on LaGuardia Field at 12:06:30 o'clock this morning as 2,000 spectators broke into spontaneous applause.

He and two others, his pilot, Capt. William Odom of Roslyn, L. I., and his flight engineer, T. Carroll Sallee of Dallas, Texas, had circumnavigated the globe in exactly 78 hours, 55 minutes and 30 seconds.

Cut Record Over 12 Hours

This spectacular achievement sliced 12 hours and 18½ minutes off the previous record, set by Howard Hughes, the movie producer, and a crew of four in July 1938. Hughes' time was 91 hours and 14 minutes.

Reynolds, however, who acted as navigator and part of the time as co-pilot, flew a 20,000-mile course across two oceans and four continents, or approximately 6,000 miles longer than the Hughes route.

Reynolds, attired in a tan windbreaker, khaki trousers and a white baseball cap was all smiles as he climbed out of his private plane after it had glided into a smooth landing at LaGuardia Field. He said:

"It was my dream adventure come true. Naturally, I'm a very happy man. But I'm not even trying to brag. There were plenty of hazards on this trip.

"Yet I'm sure that as a result of

### Vacant Rural Home Destroyed By Fire

\$6,000 Loss Sustained In Fire Which Burns Ten-Room Home Owned By Miller Henley

Fire which began from an undetermined source completely destroyed a vacant 10-room farm house at R. D. 2, Edenburg, near the Harbor, Tuesday evening, causing a loss of \$6,000. The home was owned by Miller Henley, local real estate agent, who stated that the house had been unoccupied for the past two months.

Both the Mt. Jackson volunteer fire department and the Neshannock township volunteers answered the alarm, which was received at approximately 10:30, but upon their arrival the fire had gained such headway that nothing could be done to save the structure. The men stood by to care for nearby buildings that might be fired by sparks carried by the wind.

The loss, according to the owner of the house, was only partially covered by insurance.

### New Production Record Reported By Westinghouse

PITTSBURGH, April 16.—(INS)—A new peacetime production record of \$140,121.973 was set by Westinghouse Electric Corp. for the first quarter of 1947, President Gwilym A. Price told members at the annual stockholders meeting in Pittsburgh today.

He said the net income for the first three months amounted to \$11,960,195, equal to a return of 7.9 per cent on sales billed.

Price said the first quarter payrolls also reached a new peacetime high of \$74,381,340.

Five directors were reelected at the meeting. They are Winthrop Aldrich, chairman of the board of the Chase National bank, Thomas I. Parkinson, president of the Equitable Life Assurance society, John M. Schiff, partner of Kuhn, Loeb & Co., all of New York; John L. Hall, an attorney of Boston, and F. D. Newberry, of Pittsburgh.

He cast his line with the finest flies, but the trout seemed to get away, but he claims he had fun ere the day was done—it's fifty-seven today.

## Legal Activities Take Spotlight In Jersey Strike

NEWARK, N. J., April 16.—(INS)—The strike of telephone operators in New Jersey continued today but legal activities took the spotlight. Federal Judge Guy L. Fike granted a temporary injunction restraining the state of New Jersey from enforcing its new Anti-Utility Strike Law. The injunction permits the striking telephone workers to continue picketing the New Jersey Telephone Company buildings. It also delays prosecuting of three union leaders arrested Monday to test the law.

Judge Fike in issuing the injunction quoted from a Supreme Court decision which "read": "The right to peacefully strike or to refuse to work, and to choose the terms and conditions under which one will work, like the right to make a speech, are fundamental human liberties which the state may not condition or abridge in the absence of grave and immediate danger to the country."

Attorney General Walter Van Riper of New Jersey warned: "It should be held in mind that the court has not declared the act unconstitutional. It still stands. Any person who violates will do so at his own peril."

Members of the striking telephone unions asked for the federal injunction. Under the law passed only last week strikers are subject to fines up to \$500 and 30 days in jail for refusing to return to work.

## Oil City Man Takes Up New Duties Here

Lewis Enos, engineer of the Rieck-McJunkin Dairy Company of Oil City, Pa., for the past 15 years assumed his duties in the same capacity at the local plant of the company on Tuesday.

Mr. Enos, plans as soon as school is through for the summer to bring his wife and two children to this city to take up residence here.

## DECISIVE POINT NEAR IN MOSCOW PARLEY

(Continued from Page One)

lin's return to Moscow at that time was generally accredited with moving forward the machinery which ultimately resulted in the peace treaties for the minor states.

Marshall Pessimistic  
Marshall himself was plainly pessimistic when he left the United States that much could be accomplished at the present Moscow meeting. On departing he said that he would be satisfied if agreement could be reached on "fundamental issues" on the German peace treaty.

The secretary hoped also that agreement could be reached on the treaty for Austria.

As far as could be determined in Washington, no agreement has been reached on the "fundamental questions" which Marshall had in mind. It was believed that the issue had been further confused by the amendments offered by Molotov to the projected 40-year treaty of alliance among the United States, Russia, Britain and France.

These amendments have been interpreted from Moscow as indicating that Russia does not want the United States to play a role on continental Europe for any length of time. However, it was noted that, under the Greek-Turkish aid bill, the United States has enunciated a policy which would maintain its interest in Europe—and throughout the world—whenever the Soviet Union may seek to force its form of government on other peoples.

took the position that the "best answer" to the former Democratic vice-president was speedy passage of the 400 million dollar assistance bill he has been criticizing in speeches and statements throughout Great Britain.

The proposal to slap Wallace with condemnation was made by Sen. McClellan (D) Ark. But after consultation with members of the Democratic policy committee, McClellan pocketed his concurrent resolution.

Rep. Rivers (D) S. C., introduced the resolution in the house. Rivers' resolution would condemn Wallace for redneering a "grave disservice" to the United States by his attacks on U. S. foreign policy.

Up To President

Sen. Wherry (R) Neb., said it was "up to the president to answer Wallace." Administration sources on Capitol Hill said it was not likely Mr. Truman would go beyond the White House statement of yesterday emphasizing only that Wallace was a private citizen and does not represent this government abroad.

Mr. Truman has a news conference Thursday. He was certain to be confronted with questions on what congressional critics have called Wallace's "diservice" to the American government and people.

Wherry said more speeches on the Greek-Turkish bill were inevitable, mainly because of the "military questions" involved. He said many senators will want to get "on the record" before they vote.

Should Pass Bill

Vandenberg, impatient with the time-consuming debate and the failure to win agreement to start voting on pending amendments, told the senate he would expect "deliberately serious" action today.

The senate foreign relation chairman stressed that the bill should be passed under "favorable circumstances" with no member denied a chance to be heard. But he added: "We will come to the time very promptly now when the situation abroad will deteriorate in a fashion which will substantially magnify our problem."

Vandenberg did not enlarge upon his statement.

mont, Tex., said it had been told "at least one third" of Texas City had been completely wiped out.

Report 2,000 Injured  
DALLAS, April 16.—(INS)—Braniff International Airways in Dallas today received a report from the Texas City airport control tower that about 2,000 persons were injured in the waterfront explosion this morning.

There were no further details.

Chemical Plant Involved

ST. LOUIS, April 16.—(INS)—A spokesman for the Monsanto Chemical Company said today that its styrene and a half million dollar styrene plant was one of those involved in the blast at Texas City, today.

He added that reports received in St. Louis indicated that the Monsanto plant was not the original source of the violent explosion.

Styrene is used in the production of a plastic which the company calls "Nylon." The plant normally employs 625 persons.

DEAF MAN KILLED

TARENTUM, Pa., April 16.—(INS)—Police today blamed his failure to hear an approaching train for the death of John Klutka, 65, on the Pennsylvania railroad tracks near his home at Tarentum. Klutka's relatives told police he was nearly totally deaf.

## PREMIER STALIN BACKS REJECTION OF 40-YEAR PACT

(Continued from Page One)

Stalin talk failed to alter the controversial course of the conference, which is pushing toward a headlong and unsuccessful conclusion. He stated that Marshall's dramatically-timed visit to the Kremlin had not changed the ill fate of the four-power pact, or indicated any usefulness in prolonging the conference.

This informant predicted that the Big Four conference would wind up about the end of this week, or the middle of next—which is about the same prediction made before the Kremlin interview.

Stalin, who has a reputation for extending a rescuing hand at a climactic moment, made no such move.

Soviet Position Adamant

The Soviet position thus remains as adamant today, as it did before Marshall went to state his case at the Kremlin.

Molotov, in torpedoing Marshall's campaign for a four-power agreement on an alliance to keep Germany from ever again becoming a threat to peace, charged the rough draft of the project merely gave an "illusion of security." He insisted on tying the entire disagreed German peace problem to the treaty, though Marshall stressed that there is "no place in the kind of treaty we propose" for the features favored by the Russians.

Stalin's action in pointing to the politburo to provide basis for his support of Molotov paralleled his action on three weeks ago when British Foreign Secretary Bevin visited him at the Kremlin.

On March 24, The British statesman went to the Soviet capital and asked—among other things—that Russian wives of British subjects be permitted to leave Russia. Stalin declared that the decision must be taken by the presidium of the Supreme Soviet.

Marshall Not Surprised

Stalin's unyielding stand in backing Molotov did not surprise Marshall, according to the information received. One participant remarked: "They (the Russians) just are not giving in at this stage of the game."

The Russians regard the German treaty as the negotiations whereon will turn the fate of the world. They are standing firm, and waiting to see if our morale won't crack."

This does not mean that Marshall was rebuffed, the spokesman said, pointing out that the American general did not go in "an asking mood." Rather, he went as a matter of courtesy—as Bevin and French Foreign Minister Bidault already had visited the Kremlin—and also "to reconnoitre."

Possibility Was Seen

There was always the possibility that Stalin would do as he did at the last Moscow conference, give the green light to an agreement for which former U. S. Secretary of State Byrnes strove three weeks. Last night, though, there was no green light.

Actually the conversation between Marshall and Stalin was quite brief, despite the fact the U. S. official was inside the Kremlin for an hour and one-half. Allowing for interpretation, the serious talk could have lasted no more than 45 minutes.

This afternoon, after preliminary discussions of the coal question, the council of foreign ministers are to take up the last item on the agenda—the Austrian treaty.

There was nothing in the Kremlin conference, though, to alter the "dim view" of possibility on an agreement on this matter either.

## TO DELAY DISCLOSURE OF PALESTINE POLICIES

(Continued from Page One)

"on the spot" investigation and therewith grant the Jewish agency and other factions complete hearings. In that manner, these sources assert, the case of the Jews will be fully recorded in the report to be presented to the General Assembly next September.

On that basis, a consensus among United Nations delegations here forecasts that the announced efforts of the Arab league states to break the limited agenda and throw the special session wide open to the full-dress debate will meet with failure.

Two-Thirds Vote Needed

A two-thirds vote by the 55 members authorizing an addition or alteration of the provisional agenda is required in such procedure. The seven Arab league states, which have five votes, already have launched active efforts to drum up support for cracking the agenda. Syrian Delegate Faris el Khouri, spokesman for the league, is informally sounding the various representatives of member nations.

But among the Big Five, the United States at the moment prefers to approach cautiously the formulation of its program for dealing with the Palestine issue. Deliberations involved favor a stage-by-stage approach as far as the United States is concerned, beginning with examination of the question by a fact-finding committee and then preparing policy on the basis of the comprehensive report.

Card Of Thanks

We wish in this way to express our sincere thanks to our many friends, relatives and neighbors for their kindness and sympathy shown us in our recent bereavement due to the death of our dear father, Corey E. Lester. We especially wish to thank Rev. Robert Dyke for his comforting words. Also, those who donated their cars and who sent lovely floral offerings.

MR. AND MRS. RUSSELL DAVIS AND FAMILY.

Only George W. Atherton served as president of the Pennsylvania State college longer than the present incumbent, Dr. Ralph D. Hetzel.

## MUSIC CLUB CHORUS HAS ANNUAL PARTY

Music club chorus gathered for its annual spring party following weekly rehearsal in the Y. W. C. A. Monday evening when informal singing of many old familiar songs formed the main diversion for the group of 70.

L. F. Hemenway filled the role of master of ceremonies as for many other music club chorus parties. Following invocation by Herbert Zook those present joined in the singing.

Mrs. Jean Roberts Forrest was general chairman, Miss Louise Grove entertainment chairman and Mrs. W. E. Horner, Mrs. G. G. Horcher and Miss Mildred Kelley assisted with the decorations.

Refreshment committee was composed of Mrs. John Evans, Miss Charlotte Taylor, Miss Jane Wallace, Mrs. Rena Mayberry, Mrs. George Strehler, Mrs. Carl W. Cramer, Mrs. W. A. Strimater, Mrs. Frederick Boley and Mrs. A. C. Dietler.

Kitchen committee were George Wyman, Mrs. Lowell Fulton and the Misses Peggie and Marita Baaz, Mary Kathryn Bott and Mary Lou Eakin.

Miss Emma Patton, Miss Alice Reese, Miss Edith Moore, Miss Nellie Ingram, Mrs. Paul Melvin, Mrs. Gill Burgo and M. Whiting composed the dining room committee.

At present the chorus is rehearsing for a presentation of the oratorio, "Hora Novissima", in the First Methodist church on May 11 at 8 o'clock. Next rehearsal of the chorus will be Monday evening, April 21, at 7:45 in the Y. W. C. A.

**G.T. Club Meeting Tonight**

## WILMINGTON GIRL TO BE SUMMER BRIDE

George M. Young, of New Wilmington, announces the engagement of his daughter, Catherine Georgine Young, to Raymond John Salmon, son of Mr. and Mrs. P. E. Salmon, 408 Norwood avenue, New Castle.

The engagement will terminate in a late summer wedding.

## APRIL 22 CHOSEN FOR WEDDING DATE

Miss Dolores Ottaviano, daughter of Mr. and Mrs. Nick Ottaviano, 663 Superior street, will become the bride of Thomas B. Frabotta, son of Mr. and Mrs. Mario Frabotta, 702 Wilmington avenue, at an open church wedding in St. Vitus church on April 22 at 9:15 a. m. Friends will attend.

Miss Ottaviano has chosen Mrs. Marshall Ruscetti, sister of the prospective bridegroom, to be matron of honor. Mr. Frabotta will have Marshall Ruscetti as best man.

Miss Ottaviano was honored at a pre-nuptial miscellaneous shower party on a recent evening, when a group of her friends was entertained in the residence of Mrs. Marshall Ruscetti, Winter avenue.

The evening was enjoyed with social chat and games, with Miss Elaine Rowe capturing the door prize.

Later in the evening, a delicious lunch was served by candlelight in the dining room, the pink and white theme predominating on the beautifully arranged table, centered with spring flowers.

Following the lunch, the bride-elect was presented with many lovely and useful gifts.

**Hope Chest Club**  
Tuesday evening, members of the Hope Chest club will meet in the home of Miss Rachel Dotle of 212 Power street.

## CHILD GUIDANCE IS COUNCIL TOPIC

"Child Guidance" formed the basis of an address before the New Castle section of the National Council of Jewish Women at a monthly meeting in Temple Israel. Mrs. Robert Meade Patterson, who majored in psychology at Ohio State university, pointed out that the formative years from birth to six years are the most impressionable in training for normal, well-adjusted adolescence and future citizenship. Discipline, control of jealousy, sex-education and the affect of external stimuli as the movies were discussed.

The meeting was opened with prayer led by Mrs. James Meyers. During the business session presided over by Mrs. Daniel Fisher, president, reports were given of the spring meeting of the Lawrence County Federation of Women's Clubs, of the progress of the county survey on neglected children, of plans to build a suitable war memorial.

Mrs. Abe Cohen, chairman on Service to Foreign Born, spoke of two successful cases in locating displaced persons who have been sought by relatives in New Castle. This service is available to anyone desiring to locate relatives abroad.

The Social Welfare committee reported that through the joint efforts of local Jewish organizations and their Christian friends, 1025 pounds of used clothing and canned foods have been sent for shipment overseas as well as 150 pounds of whole dried milk.

Delegates and alternates to the state conference to be held at the Schenley hotel, Pittsburgh, April 27 to 29 are: Mrs. Daniel Fisher, Mrs. Alec Samuels, Mrs. Sol Weiner, Mrs. Louis Kohn, Mrs. Julius Markley and Mrs. Meyer Rosenberg. During the social period hostesses who served refreshments were Mrs. Adolph Goldman, Mrs. James Meyers, Mrs. Samuel Rose, Mrs. Nathan Love, Mrs. Moe Rizika and Mrs. Julius Cobb.

The May meeting will be a luncheon at Temple Israel with Rabbi Paul H. Katz as speaker, sponsored by the Scholarship committee.

## County Federation Elects And Hears Talk On Child Welfare

Lawrence County Federation of Women's clubs held its triennial election meeting Tuesday afternoon in the First Methodist church, when new officers to serve during the coming three years were elected in conjunction with the federation's new spring program. Mrs. Lucien Black presided throughout the afternoon until at the close the gavel was handed to the incoming president, Mrs. Russell Melvin of the New Castle Woman's club.

Others elected to office from federated clubs of the county were: first vice president, Mrs. H. S. Gold of Ellwood City Woman's club; second vice president, Mrs. Richard Marquis of the Federation Juniors; recording secretary, Mrs. B. E. Sankey of the Reading Circle; corresponding secretary, Mrs. E. L. Davenport of the Reading Circle '91; treasurer, Mrs. Audley Snyder of Bessemer Woman's club.

For the Sorosis club, Mrs. Roy A. Long took the chair to preside during election and members of Sorosis club acted as tellers. To conclude the afternoon's program Mrs. Long conducted the installation of new officers and on behalf of the federation presented a gift to Mrs. Black in appreciation of her services during the past three years.

**Union High Winners Sing**  
Winners in the county district and forensic contests, who will compete in the state contest in York on Friday, the girls' vocal ensemble and the boys' octet of Union township high school, under the direction of Miss Elizabeth Robinson, contributed the musical portion of the program. The ensemble's selections were "A Farmer's Son So Sweet" by Bennett, and "Open Our Eyes" by McFarlane. The octet's numbers were "Where Lies the Land" by Malin, and "Wade in the Water" by Hall.

In addition, two members of the ensemble sang solos: Miss Leona Heckart, whose numbers were "O Rest in the Lord" by Mendelssohn, and "This Day Is Mine" by Ware, and Miss Gladys Grizzle, whose numbers were Brahms' "Lullaby".

**QUEEN ESTHER CLASS PROGRAM**  
Queen Esther class of the First Methodist church gathered Tuesday evening in the church parlors for the April program.

Mrs. John Dickerson led devotionals on "Methodism in China" in recognition of the fact that this is the 100th year of Methodism in China.

Miss Alma Locke gave a talk on "Temperance", and Mrs. Worrell Jones introduced Mrs. Martha Shaw and Mrs. Frances Barnes, who sang a group of songs that were much enjoyed by the group.

Refreshments were served in the dining room by Mrs. George Knox and her group, Mrs. Ralph Reed, Mrs. Burr R. McKnight, Mrs. Ruth Bruce, Miss Beatrice Bruce and Mrs. A. J. Robbins.

Next meeting will be May 20 with Mrs. Leonard Cramer's group in charge.

**BROTHERS HAVE DOUBLE BIRTHDAY**  
Mr. and Mrs. Eugene Rudesill of Young street were hosts at a birthday party honoring their sons, Billy Rudesill, five year, and Charles Rudesill, three years, who both observed birthdays on Tuesday.

Approximately 22 youngsters attended and played various types of games. Prizes were awarded to Joey Davis, Joyce Reiber, Billy Westlake, Carol and Beth Ramsey, Mercedes Kay, Reider and Carol Andree.

Gay streamers of red, white and blue decorated the rooms, and paper hats were distributed to the small guests in addition to balloons, candy and other party goodies.

Aiding Mrs. Rudesill in serving a delicious lunch were Betty Lou Rudesill and Mrs. Joseph Davis.

Billy and Charles were the recipients of many lovely and useful gifts in remembrance of the occasion.

**CHRISTEN BABY AT GRANDMOTHER'S HOME**  
At the home of Mrs. Jennie DeNuccio of 209 Bell street, a group of relatives and friends gathered for a christening party Sunday afternoon.

The baby, Robert Howard, christened, is a son of Mr. and Mrs. Sam Scaduto of 205 East Cherry street.

Rev. Sebastian Ippolito, pastor of St. Lucy's church, performed the ceremony. Sponsors were Miss Della DeNuccio and Walter Len.

The hostess served a splendid dinner at two o'clock, assisted by her daughter, Mrs. Anna Vendemia, and Mrs. Eugene Fraugel.

Ten birthday anniversary of the baby's grandmother, Mrs. Jennie DeNuccio, was also observed. Out-of-town guest was Miss Georgina Santa Croce of Creighton, Pa.

Baby Robert Howard received a purse of money and other nice gifts.

## Suspend Cards Of Four Drivers

Four Lawrence county motorists drew license suspensions from the Bureau of Highway Safety during the week ending April 4 for violations of the state highway code. Two of the suspensions were for speeding, one for reckless driving and the other for failure to yield right of way. During the period the Bureau withdrew the cards of 545 drivers. Of this number 54 were re-

voked and 491 suspended. Operating privileges were restored to 204. During the same week there were no inspection stations suspended and none restored.

**NATIONAL ANTHEM DAY**  
HARRISBURG, April 16.—(INS)—Gov. James H. Duff was expected to receive today a bill approved by the General Assembly designating September 14 as National Anthem Day. The House unanimously passed the Senate-approved bill co-sponsored by Republicans Sens. C. Arthur Blass of Erie, and Leroy E. Chapman, of Warren.

## Deny Espionage On Chinese Reds By Two Americans

Alleged Spying On Communist Positions By Military Attaches  
Firmly Denied

NANKING, April 16.—(INS)—The United States Embassy in Nanking issued a denial of Chinese Communist allegations that two assistant American military attaches had spied on Red positions in Manchuria.

A Communist broadcast yesterday said a Chinese Red tribunal had "convicted" Maj. Robert Riggs of Chicago and Capt. John W. Collins of Gallatin, Ala., of "reconnoitering" Communist positions "under cover of Kuomintang (Chinese Government) forces."

The broadcast asserted that the two officers, who had been captured by Communist troops near the Manchuria capital of Changchun March 1 had been "escorted" out of Communist territory "in pursuance of the spirit of clemency."

Today the U. S. Embassy declared in an official statement:

"Major Riggs and Captain Collins were merely observing military activities in the country of their assignment in pursuance of the normal functions of military attaches and were acting independently in this capacity."

The statement said the Chinese Communist authorities had failed to comply with a commitment to release the two assistant military attaches.

It was pointed out that Riggs and Collins had not been released despite "categorical assurances" made March 11 by Communist leaders to an American liaison group in Yenan.

No official word had been received to indicate that Riggs and Collins had turned up safely anywhere in Chinese government territory.

## Attorney Jarrett Kiwanis Speaker

NEW WILMINGTON, April 16.—The workings of the Federal Trade Commission at Washington were described in an interesting fashion by Atty. Fred Jarrett of Farrell, principal speaker at Monday night's meeting of the Kiwanis club at the Methodist church at which time "Old Times' Night" was observed.

Atty. Jarrett, son of the late Ben Jarrett, one-time congressman, was at one time associated with the federal bureau. He called the agency the "FBI" of the business world.

William Hartwell, president, was in charge, while Griff Williams, program chairman, introduced Atty. Jarrett. Prof. Alan Davis led the group in singing.

## Senate Committee Gives Green Light To Close Shop Ban

Public Hearing To Be Held By  
State Senate To Discuss  
Proposals

HARRISBURG, April 16.—(INS)—Legislation banning closed shops in Pennsylvania received the green light Tuesday from the senate labor and industry committee.

Chairman James S. Berger (R) Potter, sponsor of two bills branding a closed shop an unfair labor practice, said a public hearing would be held to permit officials of unions and industry to discuss the proposals.

The decision to hold a public hearing was made at a committee meeting which was highlighted by the refusal of Democratic members to participate because of the presence of James McDevitt, president of the Pennsylvania Federation of Labor, and spokesmen for the State Chamber of Commerce.

Minority Leader John H. Dent demanded a public hearing but the request was denied and Democrats stalked from the room leaving Sen. Carleton T. Woodring (D) Northampton as an observer.

The Democrats' action was not expected to hamstring the committee, Berger asserted.

Berger said legislation proposing drastic cuts on labor, sponsored by Sen. Weldon B. Heyburn (R) Delaware, also would be aired at the hearing.

The date will be fixed later, he added. Charges proposed by Heyburn included provisions which would make it unlawful to interfere with motor vehicles in strike areas, allow employees to discuss unionism with workers, remove supervisory employees from the jurisdiction of the State Labor Relations Board and outlaw employers' blacklists.

## See Restoration Of Proposed Cut In Reclamation Funds

Report 50 Per Cent Slash In President's Reclamation Project Budget

WASHINGTON, April 16.—(INS)—Chairman Welch (R) Calif., of the house public lands committee predicted Tuesday that reported appropriations subcommittee slashes in reclamation funds would be restored either on the house floor or in the senate.

The house appropriations subcommittee for the interior department is reported reliably to have cut approximately 50 per cent of President Truman's budget request of 130 million dollars for reclamation projects.

Opposition to the cut came from Republican and Democratic westerners on both sides of Capitol Hill. Welch revealed that 40 western representatives met with Speaker Martin to protest when the reclamation cutbacks were first reported.

On the senate side, Rep. McCarran (D) Nev., whose state would be hard hit by irrigation and power project cuts, called a bipartisan caucus to plan strategy to prevent reductions.

McCarran said he had heard "grapevine reports" of reclamation slashes, and that western senators were organizing to oppose them because they considered reclamation essential.

Welch hesitated to predict what the restoration of funds would take, whether they would be restored on the house floor or in the senate. But he had little doubt that restorations would be made, Welch said.

"We've got to get those cuts back."

## Many Articles Found In Library

Out of necessity the public library will soon have to start a lost and found department for the many articles which are left behind by preoccupied or absent minded people in and around the library.

The space set aside for such items is overflowing with pencils, nail files, gloves, mostly odd ones however there is one nice pair of ladies white gloves, a Shaeffer fountain pen, a pair of glasses and many important looking keys both for automobiles and house keys.

Owners may have the lost articles by inquiring at the desk.

Only two books in the Old Testament are named for women, Ruth and Esther; 37 for men.

### INDIAN LORE

Editor News:

In the spring of the year 1747, just two hundred years ago to date, New Castle, then Kuskuski was first brought to importance. A band of Wyandot warriors and their families settled along the banks of the Shenango and Mahoning rivers extending west as far as the village now known as Edenburg.

The Iroquois became so numerous,

that by the year of 1747, Kuskuski became the Iroquois Capital of the upper Ohio Valley, with Logstown on the Ohio as the port of entry for trade and as the scene of diplomatic contacts. Kuskuski (near modern New Castle) became the meeting place of the Iroquois Nation and dominated in supremacy among the other Indian tribes between the time of 1747 to 1754.

## Dancer's Story Of Death Pact Given Setback

By JAMES RUSSELL  
(U.S. Staff Correspondent)

HAVANA, April 16.—Charles (Chuck) Jackson, alleged to be dancer Patricia Schmidt's paramour, tried today to raise \$10,000 bond after dealing a staggering setback to her version of the love-slaying of Chicago lawyer John L. Mee.

The surprise-filled investigation of the slaying took a dramatic turn last night when Jackson, only other person aboard the Yacht Sattira when the shooting occurred, denied flatly her story of a death pact. Jackson is held for concealing evidence, while Patricia—who admitted the shooting but claims self-defense—had been indicted for homicide and is held without bail.

Miss Schmidt—an "oriental" dancer of Toledo, O.—claimed that Jackson rushed into Mee's cabin on the boat last Tuesday shortly after the shooting, and that he prevented her from taking her own life after the fatally wounded man pleaded with her to "die in my arms."

The 21-year-old girl said she fired only to frighten Mee, when he became infuriated over her insistence that he divorce his Chicago wife and marry her before she would consent to live with him as he supposedly demanded. She said he cried: "I'll kill you" and rushed menacingly toward her.

### Give Accounts

She insisted she hit him accidentally, and was about to take her own life, at his bidding, when Jackson rushed into the cabin and disarmed her.

At the Principe Hill prison where he was detained, Jackson—a wartime buddy of Mee, who formerly was PT-boat commander in the Pacific—gave his account. He said Patricia came running to him, crying that "Jack's been hurt."

Jackson conceded he may have disarmed the girl, though insisting the excitement makes this aspect even cloudy. However, he said he did not prevent her from shooting herself.

During investigation of the slaying, Dr. Lester E. Mee of Wilmette, Ill.—father of the victim—charged Miss Schmidt had admitted to him that she was living aboard the yacht as Mee's mistress. This assertion, Doctor Mee said, was made in the presence of Jackson who admitted it.

Dr. Mee testified it was his belief that Miss Schmidt shot him because he had ordered her off the yacht, as she was giving the craft "a bad reputation."

## Oil Plant Fire At Marcus Hook

MARCUS HOOK, Pa., April 16.—(INS)—Firemen early today brought under control a roaring fire that ate its way through two large wax tanks and a warehouse at the Sun Oil Company's sprawling plant at Marcus Hook.

No one was reported injured in the blaze, which apparently was touched off by an explosion shortly before ten o'clock last night. Company firefighters immediately placed a call for outside help from five nearby communities.

A spokesman for the firm said the cause of the blast and the extent of the damage could not be determined until an investigation is made.

### WASHINGTON CALLING

(Continued from Page Four)

a mere partisan political issue. Wallace is doing a deep disservice not merely to his own country but to the world.

What we are attempting in Greece can be either good or bad. With the backing of men and women of liberal thought, who believe that our economic power can be used to give new life and new opportunity to the forces of democracy, our aid to Greece can be a constructive example to depressed peoples everywhere. The tragedy is that Wallace is helping extreme reaction to give the program the worst possible start.

### Seeking Martyrdom

Talk about invoking the Logan Act against Wallace is foolish. That

act, which forbids an American citizen from going abroad to influence the direction of American foreign policy in relations with the heads of a foreign government, is in essence unenforceable. In his speech in Liverpool, Wallace seemed to be fairly yearning for the cloak of martyrdom, inspired by Senatorial hints that some action should be taken against him. He suggested that, when he returned to this country, the State Department might take his passport from him.

It would be a shame to grant him such easy martyrdom. The novelty of his attacks made against a foreign sounding board will quickly wear off.

From this distance it is hard to judge what Wallace's influence in England may be. Far more in Europe than in the United States he is a symbol of the Roosevelt Deal. He has kept this rating abroad by his constant articulation

of the ideas and aspirations of the Roosevelt era.

### Repudiate Wallace

There are American Liberals with just as good claims to the New Deal inheritance who repudiate Wallace. One of them is Leon Henderson, who has fought actively and valiantly for progressive causes, past and present. Henderson, for example, was one of the leaders in this country who fought for aid for the beleaguered Spanish Republic in the dark days when German and Italian Fascists were helping Franco destroy the legitimate government of Spain.

In his trenchant magazine, politics, Dwight MacDonald has a searching analysis of Wallace. He describes "Wallaceland," the Wallace habitat, as follows: "It is a region of perpetual fogs, caused by the warm winds of the liberal gulf stream coming in contact with the Soviet glacier. Its natives speak 'Wallese,' a debased provincial dialect." Europeans should be made

aware of how small is the number of Americans who speak or understand this curious dialect.

czars; they prefer his surface simplicity, his plain uniforms, his peasant hands and his simple speech, but they don't expect him to go around hitting war heroes on the head with empty bottles, even in fun.

Stassen's interview apparently had no success in its attempts to induce Stalin to rescind the censorship. But it did serve to indicate strongly that his power rests a great deal more upon the sounding board of Russian popular opinion than has generally been believed.

## Public Hearing Set For April 23 On City Charters

Senate Local Government Committee Plans Hearing On Third Class City Measure

HARRISBURG, April 16.—(INS)—House approved legislation authorizing Pennsylvania's 46 third class cities to frame charters will be aired at a public hearing April 23 by the senate local government committee.

The measure, sponsored by Rep. Walter Rose (R) Cambria, has drawn the opposition of the Pennsylvania League of Third Class Cities.

The Rose bill would establish the framework to carry out the wishes of the electorate expressed by approval of a constitutional amendment in 1922 allowing third class city voters to choose their form of government.

Sen. George B. Stevenson (R) Clinton, chairman, said the decision to hold a public hearing was prompted by the "broad implications" of the Rose proposal. "We should study it a little more," he asserted. "This provision giving the cities power over education, utilities and assessments must be thoroughly understood."

"It is true there has been some opposition to the bill but we desire to thoroughly understand every aspect because cities working under its provisions could be sorry some day."

## Pope Pius XII Sends Truman Greeting

ROME, April 16.—(INS)—Pope Pius XII on Tuesday sent a special greeting to President Truman applauding American's efforts to achieve a just world peace.

The pontiff said the world is looking to America for balanced leadership and the long-awaited freedoms enunciated in the Atlantic charter.

Pope Pius' remarks were made in a message to a United States congressional delegation headed by Sen. Barkley (D) Ky., on its arrival in Rome from Cairo, where its members participated in a meeting of the Interparliamentary Union.

The pontiff spoke privately to the group and took occasion to extol the late President Roosevelt. The pope recalled his stopover at Hyde Park on his last visit to the United States.

## Make New Demands To Probe Liquor Board's Policy

HARRISBURG, April 16.—(INS)—New demands for an investigation of the liquor control board's management of Pennsylvania's liquor monopoly today were before the senate.

Sen. Joseph M. Barr (D) Allegheny yesterday cited examples of what he claimed were refusals to remedy maldistribution.

"Liquor dealers are in business to do business," Barr stated, "and it is the duty and obligation of the liquor control board to see that everything is done to help legitimate licensees carry on their business profitably."

"If the board is not covering up some smelly liquor deals, then it need not fear the clean air and sunshine of a senatorial investigation."

He claimed the board had refused in some instances to permit licensees with low supplies of certain types of liquor to purchase from overstocked licensees through board channels. The agency also was accused of refusing to help licensees obtain whiskey legally from sources in other states.

## Believe Women Of Tomorrow To Be Fine Cooks

HARRISBURG, April 16.—(INS)—The women of tomorrow will be good cooks, just like their mothers.

That was predicted today by the Department of Public Instruction in releasing a report showing that 150,000 girls, 52 per cent of the girls in Junior and Senior High schools, were enrolled in home making courses in 1,000 of the state's 1,200 secondary institutions. The department said one and a half per cent of the boys in high schools were taking the course.

Dr. Pauline Sanders, chief of Home Economics Education, reported that nearly 29,000 girls participated in vocational home projects in addition to their school work during the past year and predicted an increase in 1947.

"Home making today is education for the family life and our girls in Pennsylvania are keenly aware of its importance," she said. "The curriculum is built around the activities which are integral parts of family life; the work of the family, their recreation and their thinking and planning for and with each other."

## Would Refuse Pay To Navy Personnel Dealing With Enemy

WASHINGTON, April 16.—(INS)—The House was urged today by the Judiciary Committee to enact new legislation making it possible in the future for the Navy to refuse to pay personnel who collaborated with the enemy.

The legislation, which the committee reported to the House, grows out of the action of a number of Filipino naval personnel who collaborated with the Japanese during enemy occupation and later applied to the Navy for back pay.

The committee pointed out in its report that under existing regulations the Navy must pay the men for the loss of any pay which may have accrued prior to a court martial sentence.

The committee said that "new legislation is regarded to correct in the future the anomaly of charging a person with serious crimes against the United States, and at the same time paying to that person the monies which accrued" during the time the crime was being committed.

## EIGHT-YEAR DINNER FOR EAGLES LADIES

In the Eagles hall at 6:30 o'clock Tuesday evening approximately 100 members of the Eagles auxiliary were served a dinner that marked the eighth anniversary of the auxiliary's organization. Places at the tables decorated in a color scheme of yellow and pink included 18 for charter members.

Guest of honor was Mrs. Mary Rae, mother organizer, who was made an honorary life member and honorary life trustee for her work in organizing the auxiliary and in securing its charter. Although past 70, Mrs. Rae is an active worker in the organization.

She was, in addition, presented with a personal gift on behalf of the group by Mrs. Henry Navarra.

As was Mrs. Samuel Jackson, president of the auxiliary. Both ladies wore corsages, tokens from the group.

Mrs. Jackson, in turn, presented to Mrs. Olive Key the past president's emblem pin.

During business, it was voted to send a check for \$15 to the B. P. W. fund for the establishment of a cancer detection clinic here and one for \$15 to Capt. Thelma Dunden of the Salvation Army for her Easter efforts.

Officer candidates were nominated in preparation for election at the next meeting May 6.

After dinner a talent show put on by members of the committee in charge included a style show and playlet. Mrs. Samuel Jackson and Mrs. Katherine Williams acted as co-chairmen with the latter "emceeing" the show.

Others on the committee were: Mrs. Gene Mullen, Mrs. Joseph Doone, Mrs. James Melitrot, Mrs. Harry Evans, Mrs. Nellie Weatherby, Mrs. Agnes Carey, Mrs. Henry Navarra, Mrs. James Hook, Mrs. Samuel Alben, Mrs. Harry Blevy, Mrs. Walter Heckart, Mrs. Clara Ricer, Mrs. Glen Reno, Mrs. Elizabeth Cartwright, Mrs. William Ellgass and Mrs. Robert Hunter, Jr.

Door prize of the evening went to the last named.

Miss Virginia LaMarco, daughter of Mrs. Angelo LaMarco, became the bride of Michael Marso, son of John D. Marso of Maple street.

Miss Jean LaMarco, daughter of Mrs. Angelo LaMarco, was joined in marriage to Ronald DeFlore, son of Mr. and Mrs. Fred DeFlore of East Reynolds street.

Rev. Fr. Sebastian Ippolito, the pastor, officiated at the ceremonies, using the double ring service. The sisters were given in marriage by their brothers Augustus and Vincent.

James Carlisi, Jr., nephew of the bride, was ring bearer.

Both brides wore white satin gowns, with beaded crowns, with long veils, and carried bouquets of white Killarney roses, centered with an orchid.

Maid of honor for Virginia was Miss Rose Criscione of Youngstown, wearing a blue marquisette gown.

Maid of honor for Jean was Miss Viola Conli, who wore an aqua marquisette gown. Both carried bouquets of yellow roses.

Three bridesmaids for Virginia were Miss Ida Conli, niece of the bride, Miss Jean Marso, cousin of the groom, and Miss Mary Leone, niece of the bride. For Jean were Miss Angeline Como, Miss Verna Drapko, and Miss Pauline DeFlore, sister of the groom. The six had bouquets of red roses.

Ushers were John Mars, Aliquippa; Angelo Mazzocco, Carl Leone, James Prescaro, Eugene Conli, Victor Conli.

A wedding dinner was given at a local tea room for the immediate families. There was open house at home of the brides' sister, Mrs. James Leone, 309 West Cherry street. A reception was held in the afternoon and evening.

For wedding trips, Mr. and Mrs. Michael Marso left for Florida, and Mr. and Mrs. Ronald DeFlore went to New York City. On their return, the former will reside at 200 West Cherry street, and the latter will reside temporarily at 506 West Cherry street.

Virginia is a graduate of New Castle high school, and graduate of Youngstown Beauty school; Jean is a graduate of New Castle high school, and employed at the Johnson Bronze plant. The grooms, Michael is a veteran of World War 2, and employed on the B. and O. railroad; Ronald is employed at the Johnson Bronze Company plant.

## BESSEMER WOMAN'S CLUB HEARS TALK

Bessemer Woman's club at a meeting in Bessemer Presbyterian church Tuesday evening at 8:15 with Mrs. W. F. Miller presiding heard annual reports of committees read by Mrs. Verlyn Stearns during business and as the highlight of the evening's program a most interesting talk on "Weaving and Jewelry Making" by Miss Mabel Batham, teacher of crafts and domestic arts in the Youngstown schools.

Miss Batham was introduced by Mrs. Ralph Engle. Preceding her talk the club heard Miss Joan Martin, as saxophone soloist, play two selections with Miss Grace Raney as accompanist. Miss Martin was presented by Mrs. Wyley Craig.

After the program from a table graced with candles and spring flowers, Mrs. Ralph Troop and a committee served dainty refreshments. Mrs. Joseph Martin and Mrs. W. F. Miller presided at the tea table.

May 13, the club will bring its club year to a close with a luncheon meeting in Bessemer Presbyterian church when Ethel Hall Miller, of Poland, will give a book review.

## I SUFFERED FOR 1½ YEARS with RHEUMATIC PAINS

says 60-Year-Old G. E. Worker

Tells How One Bottle of MUSCLE-RUB Brought Him Fast Relief, Feels Fine Now

Mr. Peter Dmytryshyn, a General Electric Worker of Pittsfield, Mass., writes: "My advice to anyone suffering the tortures of Rheumatic Pains is to get a bottle of Muscle-Rub—but quick! I know, for I suffered with these awful pains for over a year and a half. Then I read about Muscle-Rub and bought a bottle. It certainly did the trick—and I feel fine now. So if you are suffering as I suffered, don't hesitate to get a bottle of Muscle-Rub today."

## Phone Service Under Difficulties

—New Castle News Photo

Shown above, manning the big switchboard at the New Castle Telephone exchange, are the men and women, supervisory employees of the company, who are attempting to give residents of the local community essential service.

Where normally, the board would be filled by around 80 young women, it can be seen that the force manning the board is pitifully small, which is the reason only emergency calls can be handled.

Directing operations at the board is Clara Molesworth, chief operator. As can be seen there are several men who have been drafted from their regular duties in other supervisory capacities to help bridge the gap.

It was stated today by N. N. Jaquish, manager of the company here, that girls who have come here to work from other localities not affected by the strike, are supervisory employees, not operators as had previously been stated.

## Rhythm Band Of Rose Ave. School Presents Program

Makes Debut Before Large Crowd At School On Tuesday Evening

Making its 1947 debut Tuesday night, the Rhythm Band of the Rose Avenue school presented a program before the monthly meeting of the Rose Avenue Parent-Teacher association in the school building. The attendance was the largest of the year. In addition, a demonstration of flower designing for the home was presented by Robert A. Weingartner, and officers were elected for the coming year. The Rhythm Band has been a feature of the Rose Avenue school for many years. Founded by Miss Mildred Gresham, it has continued as a colorful spectacle that gives the youngsters fundamental training in rhythm and provides entertainment for those who have heard it. There are 62 boys and girls in it, each garbed in a red cape, white dress (or trousers) and a polka dot hat.

Mrs. Howard L. Reynolds, president of the chapter presided at the meeting and introduced Robert A. Weingartner, florist, who had a selection of flowers with him. He talked upon the value of proper design to present the flowers at their best and then illustrated what he meant by creating various home bouquets.

The election of officers saw Mrs. Howard Carr named president, Mrs. Howard L. Reynolds, vice president, Mrs. Raymond Good, secretary, and Mrs. Flindley Boyd, treasurer. The fourth Tuesday night of the month was selected as the monthly meeting night.

In the attendance count, the fourth grade taught by Miss Tilia was seen to have the largest number of parents present. Mrs. C. C. McDermott, the program chairman, presented the various numbers of the program.

Delegates were named to the northeastern jurisdiction at Swampscott, Mass., that will be in session from May 5 to 9. Delegates were also selected to attend the School of Missions at Ocean Grove, N. J., from June 21 to 28.

It was announced that the school of missions of W. S. C. S. of the Erie Conference will be conducted from August 17 to 23, at Chautauqua Lake, N. Y. This assembly is open to any member of the W. S. C. S. who registers. Arrangements were also made for the autumn meeting at Kane, Pa., October 1 and 2.

## Fathers-Sons Of Wolves Club Dine

Annual Gathering At Country Club Addressed By William P. Douglass, Coach

"Fundamentals and Boys," a timely subject to be discussed on the occasion of a fathers-sons gathering, was the theme of the address of William P. Douglass, basketball coach of the New Castle High school, Tuesday evening, at the banquet held by the Wolves club at The Castleton.

Mr. Douglass pointed out that the marriage in which the fundamentals or the foundation of a growing boy is handled, has the tendency to aid (and sometimes not aid) in the development of the youth. Home environment is the big factor determining what kind of a young boy your son will be. Ordinarily, boys follow in the footsteps of their fathers; and so it is up to the fathers to set excellent example for their growing sons.

Not only was the occasion a father and sons banquet, with a large group of the sons of the members attending, but also three fathers of the members were present, namely, Rocco Chialfallo, father of Angelo Chialfallo, Joseph Bordonaro, Sr., father of Joseph Bordonaro, Jr., and Eleuterio Lattavo, father of Arthur Lattavo.

President Angelo Frediani, spoke to the group, and welcomed two members, Joseph Vascatta and George Scarazzo, the latter being the first son of a member to enter the organization.

Films on America's national pastime—baseball were shown, and also a comedy. Several of the sons attending, favored with musical instruments. Program chairman, Paul Falla, announced a smoker to be held Wednesday, April 23.

On Thursday, April 17, a program committee will meet for an important project with James Caravella. On April 21, a special committee meeting will be in A. N. Carbone's office. Saturday, May 17, is ladies night at The Castleton, the occasion being a spring semi-formal occasion.

## W.S.C.S. Executives Gather At Grove City

Officers Of Erie Conference Of Methodist Church Plan For Various Meetings

Executive board members of the Grove City district Women's Society of Christian Service of the Erie Conference of the Methodist church assembled Tuesday at Grove City. Several local women attended the meeting, when plans were made for activities of the coming year.

Those in attendance included Mrs. J. P. Reitz of Winter avenue, conference vice president; Mrs. L. F. Hemenway, Grandview avenue, conference promotion secretary; Mrs. Q. E. Davy of the Harbor, Grove City district treasurer, and Mrs. John Fetter of New Wilmington, conference student secretary.

Delegates were named to the northeastern jurisdiction at Swampscott, Mass., that will be in session from May 5 to 9. Delegates were also selected to attend the School of Missions at Ocean Grove, N. J., from June 21 to 28.

It was announced that the school of missions of W. S. C. S. of the Erie Conference will be conducted from August 17 to 23, at Chautauqua Lake, N. Y. This assembly is open to any member of the W. S. Ben Franklin Teachers Honor Chief Custodian

Lou Hogue, chief custodian of the Benjamin Franklin junior high school, had a birthday Tuesday, April 15, and to mark the day properly the teaching faculty of the school surprised Mr. and Mrs. Hogue with a birthday tea held after classes were dismissed.

The tea was held in the model apartment of the school and the rooms were decorated lavishly with spring flowers, with pink candles upon the tables.

The tea was in charge of the social committee of the faculty, with Miss Esther Levine as chairman. Pouring were Miss Marian Campbell and Mrs. Jack McGee.

Special guests were School Superintendent and Mrs. Frank L. Burton. At the conclusion of the tea Mr. Hogue was presented with a gift and Mrs. Hogue with a bouquet of flowers.

For the past 23 years Lou Hogue has been an important part of the Benjamin Franklin junior high school. To designate him as a janitor is to underestimate his importance. In addition to supervising the work of keeping the building clean, warm and lighted, he has been a rock upon which the teachers could lean in difficulties that beset every public school teacher. He has the respect and confidence of every member of the school faculty and the tea marking his birthday was an expression of admiration for him.

### GRASS FIRE IS THREAT TO AIRPORT

Acting Fire Chief George W. Harper and B Truck company were called out to extinguish a grass fire, which was a threat to the New Castle Airport, Tuesday afternoon at 4 o'clock.

The blaze was on the north side of the runways, and was also threatening other properties. Ne-shannock township firemen also

went to the scene and helped extinguish the blaze, which destroyed a straw stack.

**WOMAN COMMITS SUICIDE**  
PITTSBURGH, April 16.—(INS)—The coroner's office today listed as suicide the death of Mrs. Sarah Harris, 69, who swallowed poison yesterday at her home in Pittsburgh. The woman's physician, Dr. W. M. Colomb, reported that she suffered a nervous disorder and had previously threatened to end her life.

## Department Head Coming To Dinner

Commander Clyde E. Rankin, Of Philadelphia, Will Head State Delegation

### LEGIONNAIRES TO INVADE CITY

CLYDE E. RANKIN

New Castle will be the focal point for Legionnaires, men who served in both World Wars One and Two, on Monday evening, when the annual National Commander's Banquet held under the auspices of the 26th District, American Legion, takes place in The Cathedral at 6:30 o'clock.

Heading the delegation from Pennsylvania will be Department Commander Clyde E. Rankin, of Philadelphia, who served with Co. C, 112th Infantry, 28th Division, in World War One, and who was seriously wounded in action at Clerges, Chateau Thierry, on July 25, 1918.

While at Walter Reed Hospital, recovering from his wounds, which resulted in the loss of a leg, he helped to organize Walter Reed Post, No. 21, and served as Adjutant and Commander. Upon returning to his home at Philadelphia, he became a member of Henry H. Houston Post, No. 3, and later transferred to Cpl. John Loutenslager Post No. 366, to which he has since belonged, serving in many capacities. He was born at Kane, Pa., and later resided in Bradford, graduating from Bradford high school in 1917.

Commander Rankin is a graduate of Temple University, and is now serving as assistant deputy receiver in the Department of Banking, Division of Closed Banks. During the war, he served as a member of Selective Service Board 48, of Philadelphia.

Reservations for the dinner should be in the hands of the committee by Thursday evening. Ticket Chairman George F. Winter, Jr., and J. Robert Winter, warned today, as the demand for tickets has been unusually heavy.

### See Possibility Of Steel Strike

PITTSBURGH, April 16.—(INS)—The possibility of a nationwide steel strike was given a 50-50 chance today with the expiration of the CIO-United Steelworkers extended contract at midnight April 30.

The even chance of a walkout of 800,000 steelworkers was forecast by Iron Age, semi-official of the steel industry. The magazine pointed out that nothing had been accomplished in more than three and a half months of negotiations. The publication continued:

"There is a chance that higher officials of 'big steel' will take over negotiations next week."

Ten days will remain to reach a settlement, the magazine reported.

### ROUND-WORLD PLANE RECORD IS CUT 12 HOURS

(Continued from Page One)

our experiences I could take the same crew and cut 24 hours off our record.

**Three Unscheduled Stops**  
"We had to make three unscheduled stops which added nearly 1,000 miles to our journey. We were lucky. We broke several records in addition to the round-the-world record. We crossed the Atlantic from Gander, Newfoundland, to Ireland in 5 hours and 17 minutes. We went from Gander to Paris non-stop in 7 hours and from Paris to Cairo in 6 hours and 20 minutes."

His wife, Edna, smartly dressed in a mink coat, gray suit and gray hat with a black veil, greeted Reynolds with a kiss and the remark, "I knew you'd do it, Milton."

Mrs. Odom, who had left her two children at home, also welcomed her husband affectionately. She told him she was "thrilled to death." She wore a new green suit and green hat.

#### To Marry Saltee

Miss Patricia Houlihan of Cody, Wyo., fiancée of Saltee, announced that she was going to marry Saltee this afternoon at Garden City, L. I., as the plane was nearing the field she confided that her "knees were shaking" and she could hardly wait for a glimpse of "Tex."

The final leg of the grueling record-smashing flight was a 2,000-mile journey from Edmonton, Alta., to New York. Striking over Michigan the plane encountered thunderstorms and the going was exceedingly rough. But the flyers got through the storm and glided into LaGuardia Field under the canopy of a beautiful star-lit sky.

Nearly exhausted but obviously elated the three flyers came out of the plane after it had landed and stood on the wings. Reynolds was clutching a doll. Reynolds, Odom and Saltee posed for innumerable pictures.

Odom took over the doll and one of the photographers shouted:

"Kiss the doll, Captain."

Odom refused to fall for that one. He retorted:

"I've got one of my own (meaning his wife) down there."

**Worried Several Times**  
Reynolds told the newsmen that there were several times during the globe-circling flight that he didn't think he would get back home alive.

He said that when the plane landed at Gander on the first leg of the flight there was 3-4 of an inch of ice on the wings of the plane.

He told newspaper men that when they landed at Cairo the wheels were shimmying so much, he was afraid the plane would be wrecked on the ground.

He said Capt. Odom, whom he characterized as a "super-pilot," was dog tired at times but never let up for a moment.

Reynolds revealed that he himself had acted as co-pilot on the way in from Tokyo.

He said the flight proved to him that the time is not yet ripe when non-professionals in private planes can make a rapid world-girdling trip such as theirs. It takes "organization," he explained, as he praised the cooperation of the air lines and particularly the U. S. army which aided him in getting around the world.

Reynolds said one of the toughest legs of the journey was between Calcutta and Shanghai, when the plane had to climb 18,000 feet to surmount the Burma hump in the Himalayas.

He reported that in Tokyo Capt. Odom became "a little delirious" because of a shortage of oxygen on the hop.

The plane's stops were at Gander, Paris, Cairo, Karachi, Calcutta, Shanghai, Tokyo, Adak, Alaska, and Edmonton.

Reynolds was glad to get to a hotel in New York for a much-needed rest. He planned to leave soon for Washington, D. C., where he expected to be received by President Truman.

### Airborne Taxi Service Opens

BOSTON, April 16.—(INS)—The critical traffic problem that has been stumping Boston's traffic experts may partly be solved today when the world's first scheduled airborne taxi service has its initial test.

Igor Sikorsky, noted flier, will pilot helicopter from the roof of the Motor Mart garage in Park Square to Logan airport in the first flight of a regular shuttle passenger service to start Monday. The route covers 1 1/2 miles.

### Pittsburgh Women Are Facing Charges For Shoplifting

PITTSBURGH, April 16.—(INS)—Two young Pittsburgh women were held by police for investigation today after they were accused in more court of taking nearly \$800 worth of clothing on a shoplifting tour of two department stores.

Jean Adamik, 21, and Ann Dunstan, 23, both outfitted in new Easter clothing, were accused by store detectives of taking \$582 worth of clothing from one store and \$206 worth from another.

Miss Adamik testified that they

bought their Easter outfits and that she and her companion didn't need to steal. She added that they both were employed.

Police said several hundred dollars worth of clothing was recovered at Miss Adamik's home.

The bath in the house of a wealthy Roman usually occupied a whole room with a large sunken tub.

## State Senate Is Expected To Pass Two-Term Bill

Lower House Of State Legislature  
Passes Amendment Limiting  
President's Terms

HARRISBURG, April 16—(INS)—Speedy Senate action today was anticipated on a House-approved joint resolution to ratify a proposed U. S. constitutional amendment limiting the tenure of the President of the United States to two terms.

The Republican-dominated House steamrollered passage of the resolution over the protests of Democrats.

The lower chamber approved it by a vote of 162-35. The GOP controls the Senate.

House Minority Leader Hiram G. Andrews said he presumed that "if one particular man had not happened to be elected President four times that this resolution would not have appeared on the calendar."

Andrews did not mention the late President Roosevelt by name.

House Majority Leader Herbert P. Sarg defended the resolution which he sponsored and said it would "merely give legal effect to a long-standing tradition." Sarg pointed out that Thomas Jefferson had refused a third term when urged by several legislatures to do so in the early 1800's.

"We have no right to bind the hands of those who will live tomorrow," Andrews replied.

## Union Township Problems Will Be Discussed Tonight

Meeting tonight in the Union High school auditorium, Union Civic and Athletic Association will take up the problem of street lighting and bus service in the township. It was announced today. President of the organization, Dan Radabaugh has extended an invitation to all residents of the township to attend the meeting which starts at 8 o'clock.

## Public Hearings Reported Planned On Mine Safety

HARRISBURG, April 16—(INS)—Secretary of Mines Richard Maize will appear today before a House committee which was reported planning to hold a public hearing before May 1 on safety conditions in Pennsylvania coal mines.

Chairman Earl E. Hewitt, Sr. (R) Indiana, of the Mine and Mining Committee, said Maize had been called before the group for questioning regarding safety provisions in mines.

Maize was slated to appear before the committee at 9:30 a. m. and a half hour later confer with four officials of the United Mine Workers of America (AFL) and eight operators' representatives concerning proposed amendments to the bituminous mine law.

Although Hewitt would not confirm reports, several committee members said the group had voted to hold a public hearing "between now and the first of the month" on mine safety and that it was expected that union officials, operators and mines department representatives would attend.

On April 2 the House adopted a resolution sponsored by Minority Leader Hiram G. Andrews directing the committee to ascertain whether the state's mining code was being enforced to prevent disasters.

McBride Post To Meet This Evening

Cpl. Harry L. McBride Post, No. 22, V.F.W., will meet this evening in the post home, at 214 W. Grant street, at 8 o'clock this evening.

All members interested in a baseball team are asked to come out and express their views. A special session of the athletic committee, of which Michael Petro is chairman, will follow the regular meeting.

## Playground For New Wilmington

P.T.A. Arranges For Summer Recreational Program For Children Of Community

NEW WILMINGTON, April 16—Children of the community have been assured a summer recreational program at the park as a result of joint action by the Community Chest and the Parent-Teacher Association, it was announced at last night's meeting of P. T. A. at the school.

A communication was received from the Community Chest stating that \$300 has been voted for the summer program to be administered by P. T. A. Of this sum, \$180 is to be used for the salary of a supervisor with \$120 allotted for supplies.

A committee composed of Jacob Baumgartner, Mrs. Robert Eagleson and Mrs. Harold Brennan was named by President Herbert Smith to hire a supervisor and plan the program. The playground will be open from 1:30 to 5 p. m. daily from Memorial Day to Labor Day.

## American Youth For Democracy Move Under Fire

WASHINGTON, April 16.—(INS)—A documented report of the house un-American activities committee turned a spotlight today on 60 chapters of American Youth for Democracy, branding them as Communist-inspired organizations invading the nation's college campuses.

Directly linking the organization's leadership with the young Communist league which dissolved in 1943, the report warned: "The spectre of Communism stalks our college campuses masked under the cloak of American Youth for Democracy."

The committee's findings charged the organization was "a training school in lawlessness" and declared the aims of AYD were "to disaffect our youth and to turn them against religion, the American home, against college authorities and against the American government itself."

The report listed chapters flourishing in 17 states from coast-to-coast. It said the organization listed a membership of 16,194 students.

The report asserted the organization is currently aimed at stirring discontent among veterans now on campuses and that an all-out assault on U. S. foreign policy is its most emphatic line at present.

### Systematic Training

The committee said the methods of the youth organization's leaders "bear all the earmarks of systematic training and shrewd direction from professional international conspirators."

It was pointed out that 28 prominent leaders of the young Communist league at the time of its dissolution are now in control of the American Youth for Democracy policy.

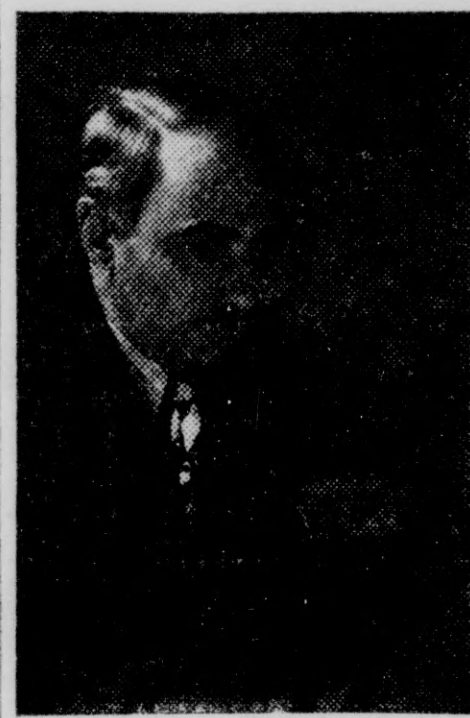

The committee declared: "The new trojan horse strategy provides for the broadest possible control of AYD in strictly Communist hands."

Terming the group's subversive activities as "a matter of major concern," the committee also declared the Communist leaders of the group seek to penetrate YMCA's, YWCA's, religious and labor youth circles.

The report recommended specific measures to combat AYD influence to state and college officials. They include full public exposure of the Communist nature of the group, denial of status as a bona fide college student organization, registration of members and the use of student advisers to dissuade persons from joining the campus units.

Robert Kazmayer's Broad Outline On World Events Will Be Told Executives Club

ROBERT KAZMAYER

Living and working with the people who inhabit today's headline countries, Robert Kazmayer, who is to speak to members of the Executives Club on Friday evening, in The Castleton, has combined actual experience gained in traveling around the world, with a broad background of formal education, to obtain an understanding of the international factors shaping the post war problems and opportunities of the United States.

Mr. Kazmayer's eighth and most recent trip to Europe ended late in the summer of 1946. While there he had ample opportunity to watch the beginnings of the reconstruction of Europe's economy and to obtain a first-hand picture of the emerging world situation.

This and more he brings in his coming talk.

## Johnstown Police Chief Dismissed

JOHNSTOWN, Pa., April 16.—(INS)—Charges of misconduct in office and violation of state laws and city ordinances resulted today in the dismissal of Johnstown Police Chief A. J. McDevitt.

City council approved McDevitt's dismissal yesterday by a four to one vote.

Counsel for the police chief, who was suspended from office March 11, said an appeal would be filed immediately in civil court. McDevitt and his attorneys last week walked out of the hearings, charging that the hearing and his suspension were illegal.

At that time, Miss Catherine Elig, 23, testified she was assaulted by McDevitt while she was a prisoner in the Johnstown jail last December.

## WILLIAM TRAX DIES

TUESDAY AT DETROIT

Local friends and relatives have received a message, telling of the death on Tuesday of a former New Castle resident, William Trax, at his residence, 15510 Appleline avenue, Detroit, Mich. Mr. Trax, who resided in New Castle until ten years ago, has been in failing health for the past six months.

Among the survivors are his widow, Mrs. Myrtle Cage Trax, one daughter, Miss Mabel Trax, two sons, Orville and William Trax, and four grandchildren, all of Detroit. He also leaves two sisters, Miss Lenna Trax, of New Wilmington and Mrs. Orville Rigby, Miami, Fla. The message did not state the funeral arrangements.

## KILLED AS CAR SKIDS

PITTSBURGH, April 16.—(INS)—Police reported that Charles J. Dunn, 58, was killed today while returning home from a bowling league banquet when his automobile skidded on a wet street into a utility pole. Dunn, a salesman for a New York wholesale firm, was widely known in department stores throughout western Pennsylvania.

The mamme apple is the native name of a highly esteemed fruit of the West Indies and tropical America. It is grown on a tree 60 to 70 feet tall. The fruit is roundish, from the size of a hen's egg to that of a large orange with a thick, leathery rind, and very delicate inner rind that must be carefully removed before the fruit is eaten on account of its bitter taste.

### 'Wrong To Speak Of Another War As Inevitable'

BOSTON, April 16.—(INS)—Nobel peace prize winner, Miss Emily Balch, of Wellesley College, believes today "it is wrong to speak of another war as inevitable."

At a gathering of members of the Business and Professional Women's Club, where she accepted an award for "distinguished life-long service in the cause of peace between the peoples of the world," Miss Balch said:

"We have the sense now to realize that nothing justifies another war." She continued:

"I believe that we have seen the last war. Mankind is now in a position where he cannot afford what a war means to the nations involved. How ridiculous, then, to spend our money producing more materials of war and conscripting our nation's youth. If you believe, as I do, that you cannot protect a country now by military preparedness, these preparations are useless."

She said in an interview it is natural that Russia should "be afraid of us" when the United States has the atomic bomb and spread of Communism.

Mrs. Horace Allen Explains Procedure Of P.T.A. Organization At Shenango School

A large delegation of citizens of Shenango township assembled in the Shenango High school auditorium Tuesday evening for the purpose of reviving the old P.T.A. of the district and take measures for the protection of the school children of that area.

Mrs. Horace Allen, county president of the P.T.A. was present at the meeting, and explained the workings of the P.T.A. and the proper procedure to take in order to reorganize the association.

Mrs. Ethel McNicholas was chosen as temporary secretary and Mrs. Frank Hayes was chosen as temporary chairman. A nominating committee was appointed as follows: Mrs. Wayne Marshall, Mrs. J. W. Conway, Mrs. J. M. Kline, Henry Karki and Mrs. Ted Watson.

The group will meet again on Thursday evening, May 1, at 8 o'clock in the school auditorium.

### Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older

THAN THEIR YEARS

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regaining glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, no energy, no endurance, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep your blood strength. Medical authorities, by analysis of the blood, have positively proven that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional needs. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

### USE DDT TO CONTROL FLIES, WASPS IN ATTICS

Flies and wasps, now making their appearance in unfinished attics and storerooms, can be controlled by using a spray made of one pound of 50 per cent wettable DDT powder in 10 gallons of water.

The spray, applied to the walls and rafters, leaves a residue which keeps flies and wasps in control for several months.  
A five per cent DDT solution in water-white kerosene—one pound to 10 gallons of water, is suggested for finished rooms or attics since it will not stain or otherwise mar the surface. The water spray will leave a noticeable residue.

The kerosene base material is inflammable and must be handled with care. Another precaution is that the hands should be washed thoroughly after using either spray.

### Will Permit Guests At Symphony Concert

Members Permitted To Purchase  
Tickets For Guests For  
April 22 Concert

So insistent has been the demand that guests be permitted to purchase tickets for the San Francisco Symphony concert to be held in the Cathedral Tuesday night, April 22, that the Guild directors have agreed. Members, or persons living out of the city will be permitted to purchase single admission tickets and in order to accommodate the demand, a ticket booth will be placed in the Castleman hotel lobby all day Tuesday, April 22.

The symphony orchestra travels in its private train and is expected to arrive in New Castle at eight o'clock Tuesday morning. The chorus carries its own physician with it and for the tour the orchestra is a mobile city.

Adding to the interest in the orchestra will be the appearance of Adriaan Fisher, New Castle artist who will play with the orchestra in a concerto.

### Dr. Edward Kurtz Is Given Honor

Dr. Edward F. Kurtz, former New Castle musician, who is head of the music department of the State Teachers' college in Cedar Falls, Iowa, has been appointed to the National Association School of Music committee. He has served upon this body since 1941 and his new appointment is for three years.

In February Dr. Kurtz spoke at a meeting of the committee held in St. Louis. He has been making a survey of music teachers' certificates in the 46 states for the past three years and it was upon this subject he addressed the national committee. With his committee Dr. Kurtz devised a course of study for teaching music and this plans was adopted.

Dr. Kurtz was at one time head of a symphony orchestra in New Castle and in his career in college work eminently successful.

### Nurses Endorse Aid To Hospitals

HARRISBURG, April 16—(INS)—Increased state aid to Commonwealth hospitals for continued adequate care of free dispensary and ward patients was called for by the Pennsylvania State Nurses' Association.

President Letitia Wilson, of Philadelphia, claimed that the average per capita cost for ward care has increased 20 per cent since May 31, 1946, and that actual daily costs ranged from \$6 to \$7.

During the past two years, the state contributed to hospitals \$8,735,500, less than half the cost of caring for 5,000,000 ward and dispensary patients, she added.

Proposed legislation which would require the state to contribute 80 per cent of the patient cost at rates of \$5.50 for ward and \$1.50 for dispensary patients was endorsed by the association.

The first book on vital statistics is thought to be a book written by an Englishman and published in London in 1662. He showed that there were more boys born than girls, and that population could be estimated from the death rate.

### Around Hollywood

By JOHN TODD  
International News Service Staff Correspondent

HOLLYWOOD, April 16—(INS)—There's one Hollywood event your reporter awaits with bated breath. It's the coming out party of gorgeous Esther Williams in a new bathing suit.

It's going to be the skimpiest creation censorship will permit.

Your reporter knows whereof he speaks. He got the low-down on the first flitting by sheer accident. Not that he stooped to listen thru a key-hole. But, if you happened to be resting under an open window in the only shady spot around and the temperature was 93, you wouldn't move, would you? Neither did your reporter.

The window happened to be in the salon of Irene, M-G-M's world famous designer, who's preparing Esther's wardrobe for "On An Island With You."

#### Something Special

Esther was talking:  
"In view of the fact this suit is something I'm supposed to have

whipped up myself on an island, it can't look like an ordinary suit. It's got to be something special."

"I think it would be most attractive if we ran the main body of the trunks diagonally, like this."

"Oh, Esther, the censors wouldn't stand for that."

Esther replied:  
"I don't see why. It's perfectly

modest. It does show a little more of the lines here, but they are among the prettiest lines of a woman's body."

There was another moment of silence and another voice said:  
"I don't know, Esther. I don't know whether the censors would like it."

Esther said:  
"If it wasn't entirely all right I wouldn't wear it. That's proof enough there's nothing wrong with it. It's just a little different, that's all."

The final decision was to put it together and then see how Esther looks in it.

Yes, we're waiting, too!

Dancing Joan McCracken, now starring in "Good News", sat down at the luncheon table wearing a pair of blue jeans and a flaming red shirt.

"Isn't it a pretty color?" she asked, pointing to the shirt.

It turned out Joan had dyed it herself. She likes to dye everything she buys to bright colors—and when Joan said everything she meant everything.

"Oh, yes, I like greens and blues and yellows and reds, but mostly I like reds," she said.

Joan's wash-line must vie with our famous sunsets.

Cameron Mitchell had an Easter story to tell your reporter.

It seems he told the missus he'd fix up everything for the egg hunt by their oldest son Bobby, who's five and a half.

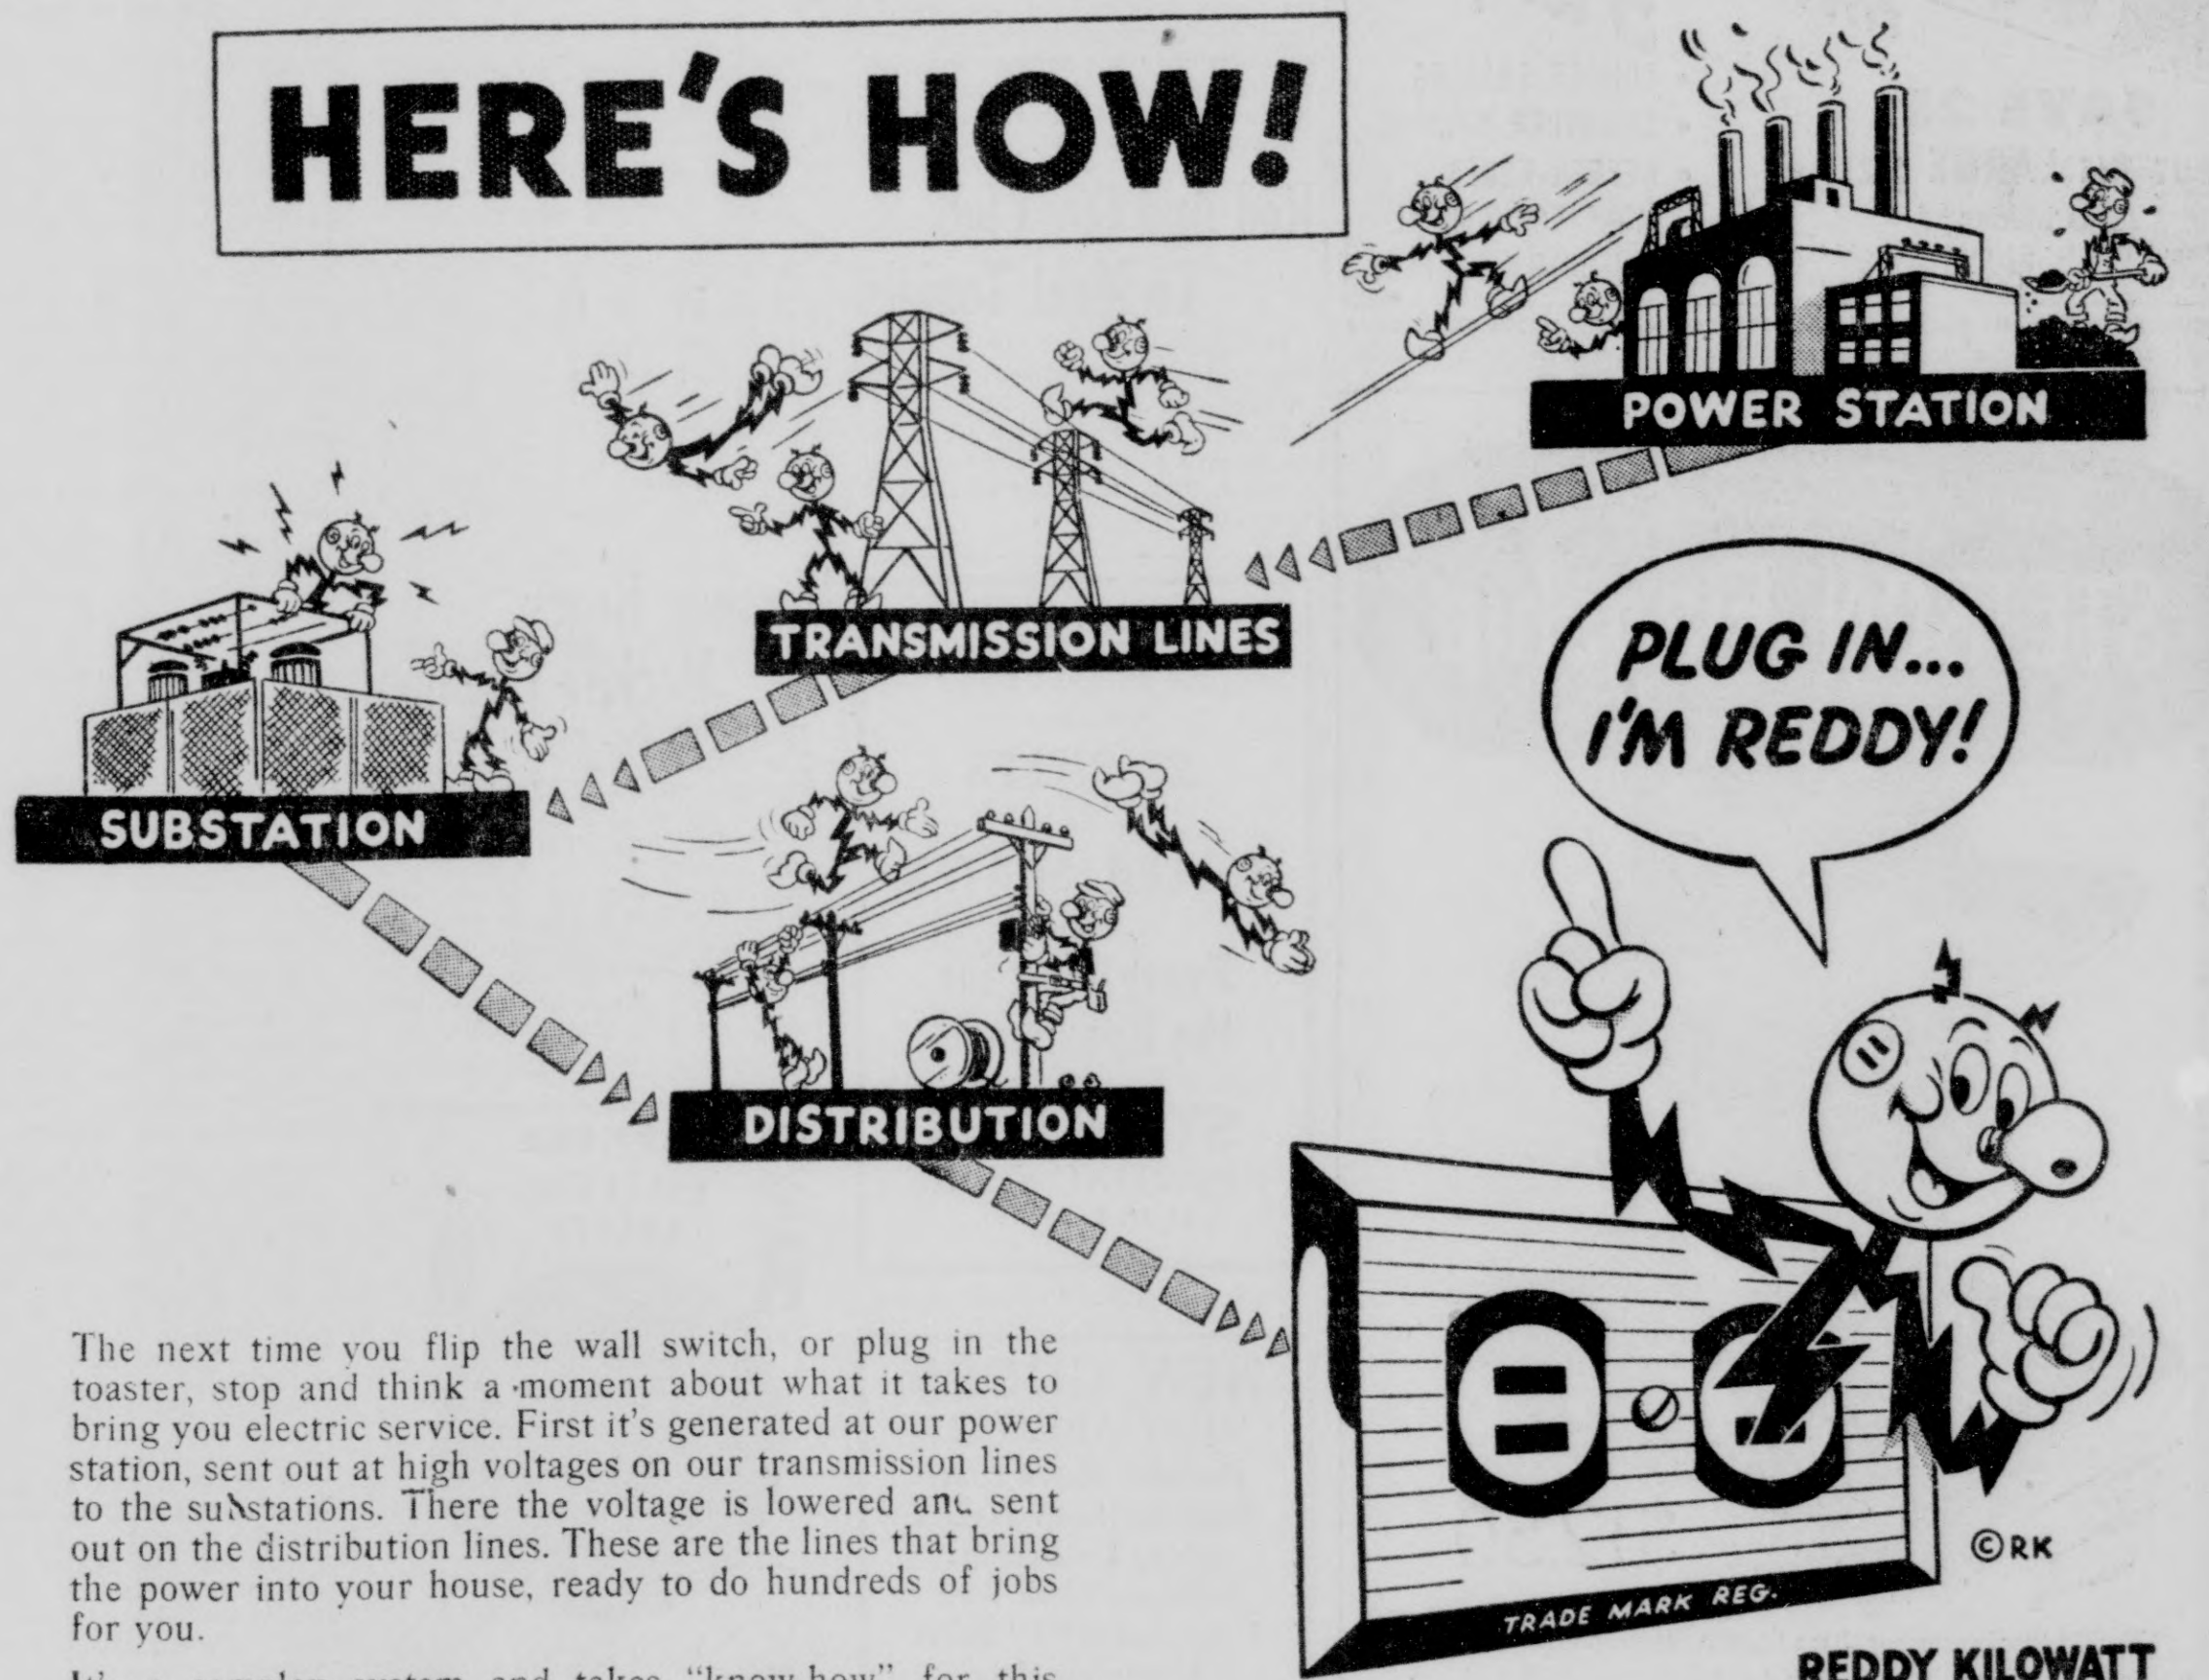

Cam shook his head.  
"It was the worst mess you ever saw in your life," he said. "I'd never arranged things before myself. I didn't know you were supposed to hard-boil the eggs."

In 1866 there were 30 million United States acres planted to corn and the yield was 731 million bushels. In 1946, there were 95 million acres planted to corn and the yield was 3,018,410,000 bushels.

### Theatre Manager Returns From Tour

Sam J. LaScola, for nine years manager of the Paramount theatre, is back at work here in New Castle, following the completion of a 16 months tour in Southern California, gathering experience and information pertaining to the theatre. Upon arriving in California, Mr. LaScola resided in San Jose, Calif., where he was also employed for a short while before touring the large cities of Southern California. At present he is making his home at 650 East Washington street.

## HERE'S HOW!

The next time you flip the wall switch, or plug in the toaster, stop and think a moment about what it takes to bring you electric service. First it's generated at our power station, sent out at high voltages on our transmission lines to the substations. There the voltage is lowered and sent out on the distribution lines. These are the lines that bring the power into your house, ready to do hundreds of jobs for you.

It's a complex system and takes "know-how" for this service. And, you're getting twice as much electricity for your money as you did twenty years ago.

# Greenberg Stars For Pirates In 1 To 0 Victory Over Chicago Cubs

## Hank's Big Bat Gives Rip Sewell Shutout Victory

Hank Borowy Victim Of New Bucs, Sewell Blackwell Tames St. Louis Cards

### FELLER CHASED BY WHITE SOX

By DAVIS J. WALSH  
(International News Service Staff Writer)  
NEW YORK, April 16.—All was propriety and dull endeavor along the baseball midway today in the wake of a pretentious, eight-city inaugural in which one record was made, another just missed—and Hank Greenberg didn't.

Neither did Hal Newhouse, nor Cincinnati's Ewell Blackwell. For that matter, it was pretty strictly a pitchers' day throughout.

### Hank Wins Game

Greenberg hit a sixth inning double that drove in the "case" run of a 1-0 victory for the Pittsburgh Pirates over the Chicago Cubs, with Rip Sewell and Hank Borowy turning in a couple of five-hitters.

Newhouse, who a year ago led both leagues in pitching victories for the Tigers, began again where he left off last October—with a typical four-hit, 7-0 score against the St. Louis Browns.

### Blackwell Shines

However, the day's top pitching was turned in by Blackwell, who had the world's champion Cardinals shut out with one hit, going into the ninth, and finally beat them, 3-1.

The Yankees were well drubbed, 6-1, by the Athletics at the stadium inaugural, with Phil Marchildon furnishing a six-hitter.

The Cleveland premiere also went sour with the 2-0 defeat of Bob Feller by Lopat and the Chicago White Sox.

### Williams Hits

His was the only noteworthy failure of the program. Ted Williams got two-for-five at the plate and drove in two runs while the champion Red Sox were pulling out a 7-6 win over the Senators.

The Dodgers wiped out their single run deficit to win from the Braves by 5-3.

The Giants made five errors in losing to the Phillies, 4-3, with Sid Gordon's errant eighth-inning fling being the payoff.

## Track Meet At Stadium Today

### New Castle High Engages Butler At Stadium In Second Duel Meet Of Year

New Castle High track team is having a dual meet with Butler High at the stadium this afternoon at 4 o'clock, it was announced by Faculty Manager Robert Mills.

This is the second meet for New Castle, the Coach Bill Klee thin-clads having defeated Struthers 83 to 35 in the opening of the 1947 track season.

Following heavy showers early today the track will no doubt be quite heavy. Butler has a fairly well balanced team and will give New Castle plenty of competition.

## Pittsburgh Fans In Dither Over Friday Opening

### Complete Sellout At Renovated Forbes Field For Home Opening

#### HANK GREENBERG AT FIRST BASE

By JIMMY JORDAN  
(International News Service Staff Writer)

PITTSBURGH, April 16.—The rejuvenated Pittsburgh Pirates may not cut much of a swath through National League pennant contenders, but their constituents are going to come out to see what they have to offer, anyway.

There hasn't been a team in Forbes Field in some time that has engendered so much enthusiasm among the fans.

Maybe it's because the followers figure the club will pull itself out of the seventh-place doldrums in which it wallowed last season. Maybe it's because of the acquisition of Hank Greenberg, to wield a big bat where one sorely was needed last year.

### Rush For Tickets

But whatever has caused the rush for tickets, the Pirate management today envisioned a record crowd for the opening game at home Friday.

The Pirates go to work for an anticipated first division rating today, at Chicago against the Cubs. There are some who feel that club—with some veterans apparently taking a new lease on life, with Greenberg an addition and with a few rookies who look like stars—may be the team to watch this season.

### Complete Sellout

Already, there is virtually a complete sellout for the game. New box seats added in the \$500,000 Forbes Field renovation program has raised seating capacity to just short of 36,000.

The advance sale, even before tickets were printed, was such that all general admission tickets were put on the reserved list.

There won't be any standing room sold for the game, and present plans, except in the bleachers.

Oddly, the bleachers won't get a good look at Greenberg's field. He had been slated to start in left field—where Greenberg acres, the new bull pen, was erected primarily for his comfort.

### Hank On First

He is slated to play at first base. Elbie Fletcher, the National League's best first sacker in 1943 before he entered service, had that spot clinched until Sunday.

He suffered dislocation of a bone in his foot when the Pirates were playing an exhibition with Columbus of the American Association Sunday, and will be sidelined for at least three weeks.

Greenberg will be at first, and Jim Russell will take his place in left field. Wally Westlake, a rookie up from Oakland of the Pacific Coast league, whose hitting has been sensational in the spring campaign, will be in center, with Ralph Kiner, National League home run king last season, in right field.

### Rod And Gun Club To Meet Tonight

Members of the West Pittsburgh Rod and Gun club will meet tonight in Diaz Hall, in West Pittsburgh at 7:30 o'clock. Movies of wildlife will be shown and a social hour enjoyed, Louis J. Papa, secretary of the club announced.

## Beaver Valley Rifle Champs

### Defeat New Castle 1194 To 1190 In Shootoff, Wilbur Thomas Shoots 246

Beaver Valley rifle team has supplanted New Castle as the champions of the Interstate league by virtue of a stunning 1194 to 1190 victory Monday evening in the shootoff match.

New Castle won the first half of the league and Beaver Valley the second half with some brilliant shooting. In the two years the league has used a 25-shot course the Beaver Valley team is the only five-man team to fire total scores over 1200, doing it twice, out of a 1250 possible.

### Thomas Sensational

New Castle lost despite the sensational shooting of their president, Wilbur Thomas, who fired an amazing 246 out of a 250 possible to be high man for the match. Beaver Valley had too many steady shots for New Castle to match. J. Musgrave and Cleary each recording 241s.

### Warren Here Tonight

New Castle will have a post season match this evening at the Cathedral range with the Warren, O., shooters, and expect a tough evening, it was announced by Secretary Paul Carrigan. Warren has a number of fine marksmen on their club.

### Beaver Valley In the Shootoff

Beaver Valley in the shootoff averaged 238.8 points per man, a very fine team average and are to be congratulated.

Scores of the championship match are as follows: New Castle—Thomas 246, Williams 239, Johns 238, Moore 234, Mowry, 233; total 1190. Beaver Valley—Musgrave 241, Cleary 241, Kimmel 238, Thompson 237, Frey 237; total 1194.

### Hershey Bears Hockey Champs

HERSHEY, Pa., April 16.—(INS)—The Hershey Bears' trophy case today sported the Calder Cup, emblematic of a nine-year-long battle for the American Ice Hockey league crown.

The Bears won top honors and the right to split a \$14,000 purse by defeating the Pittsburgh Hornets 5-0 before more than 8600 spectators in the Sports Arena last night. The runners-up will share \$10,000.

## Church Golfers Open On May 15 At Castle Hills

### Ten Teams In League For 1947, Play One-Round, Set 6:15 P. M. Deadline

New Castle church golf league season for 1947 will start on Thursday evening, May 15 at the Castle Hills course, it was decided at a meeting of the captains and league officers. Karl Rohrer president conducted the meeting.

There will be ten teams in the league as follows—St. Marys, First Baptist, Second U.P., First U.P., First Presbyterians, Temple Israel, St. Pauls, Harbor-Highland, Epworth, First Methodists, First Christians. Mahoning was voted out of the loop and the First Methodists taken into the league.

### Play One-Round

Owing to the fact that a Daylight Savings Time will not be used here this summer, it will mean that the league can operate with only one round of nine weeks, using Thursday night as the playing night. The two points system used in the last half of the 1946 league will prevail, one for medal and one for match.

The handicap committee is made up of—Fred Palmer, Fred Scheppele and Morgan Jones.

It was decided to establish a new deadline for starting the matches at 6:15 o'clock instead of 6:30, as used previously. The starting time was set at 5 o'clock instead of 5:30 as used last year.

The next meeting of the captains will take place at Castle Hills course at 6 o'clock May 1 when the captains will play a round of golf and have a 8 o'clock meeting at the club house. All captains will be asked to submit their list of players at the next session. The membership fee was set at the same figure as last year.

All teams had captains present last night except Temple Israel and First U.P. Cards will be printed again this year for each member to carry.

# FAIR or FOUL

BY LAWTON CARVER

Sports Editor, International News Service

NEW YORK, April 16.—Baseball was divided into two camps today—pro-Chandler and pro-Durocher. The easiest thing in the world to write would be a column blasting one or the other. The toughest thing is to attempt honestly an essay that takes in both sides.

This latter routine may not be merely tough, but almost next to impossible because obviously there must be some facts that have not been revealed.

**Says Chandler Right**  
I personally find myself going along with law and order as represented by Commissioner Happy Chandler, who, among many observers, can do no right. The one criticism may be that the penalty was too drastic.

To me the year's suspension that he gave Manager Leo Durocher of the Brooklyn Dodgers was too severe for the infractions charged to Durocher at a time when he seemed eager to give up the wild old ways that have kept him in and out of hot water.

It seems that Chandler, frequently under fire himself in and out of politics, might have searched his own soul and come up with a measure of sympathy along with this harsh, implacable justice—justice as he saw it.

**Pressure Exerted**  
This being justice as Chandler saw it, the rest of us have a right to hold and express our opinions as we see it. We can believe or disbelieve stories that Durocher was picked as a whipping boy by a commissioner writhing under bitter criticism. You will hear that there has been behind-the-scenes pressure.

Weigh all that, then look at the other side of the picture. Leave out incidents real and al-

leged in Durocher's early career, and consider him for, say, the last half dozen years.

He has proved to be a game, outspoken, hard-fighting and successful manager, but he has been a headache to baseball on and off the field.

**In Public Eye**

His private life has been beaten into front page headlines, generally not to his credit. He consorted with some characters that made officials wince. There were incidents dragged into public that caused censure, and brought from the Catholic youth organization a terrible blast when these younger fans were withdrawn from the Dodger knothole club.

His trade against Superior Court Judge George A. Dockweiler in Los Angeles after his marriage to Lorraine Day caused a panel to be named to determine whether he was in contempt.

Widespread publication of a dice game in his apartment during his absence, when a player snatched that he had been "taken" came at a time when baseball was concerned over the post-war gambling scandals.

Durocher wasn't there, but supposedly his friends were and his name was dragged through the muck again.

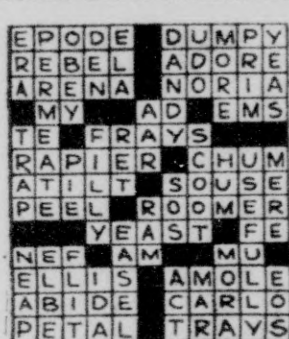

**Plenty Of Jams**

Check back through the files and you will find many instances of Durocher's transgressions—most of them minor; some of them his own personal business, but they finally piled up into a heap that toppled over and flattened him.

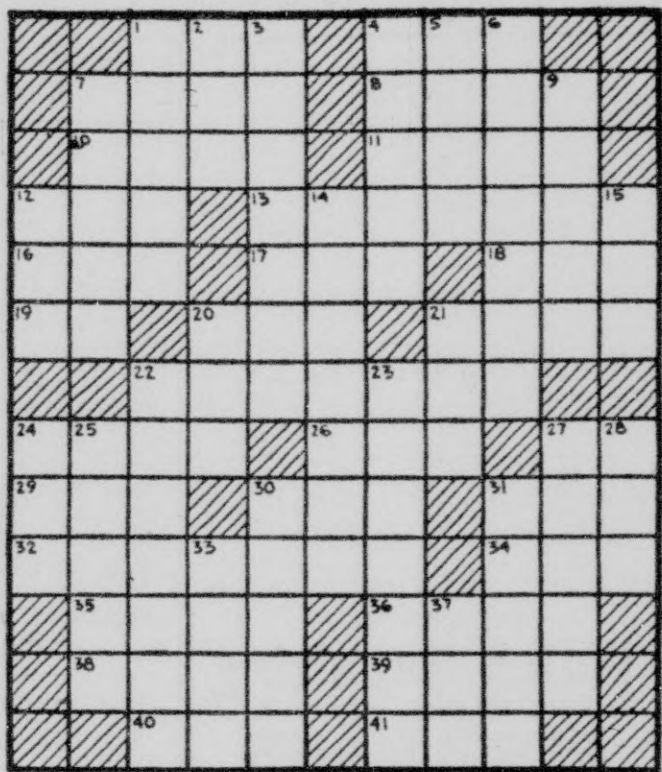

I'm sorry for the guy. He plays baseball and lives at a hard fast tempo, seemingly driven off in all directions by an uncontrollable facility for getting into jams.

## Fans To Provide Money For Paying Olympic Expenses

By CHARLES EISEN

(International News Service Sports Writer)

CHICAGO, April 16.—Followers of college sports, from Florida to Hawaii, are going to send the 1948 U. S. Olympic team to London. A voluntary assessment plan, to be used by every college in the country at one home game in any sport, is aimed at raising more than \$150,000 at the rate of 25 cents per spectator.

And that, the N. C. A. A. Olympic financing committee figures, should do the trick.

**Fans Will Pay**  
Committee Chairman Harry Stuhldreher, athletic director of the University of Wisconsin, outlined the plan in Chicago following a meeting with the other committee members, H. Jamison Swartz of the University of Pennsylvania and Alfred R. Masters of Stanford University.

According to the plan, a voluntary payment of 25 cents may be made over and above the ticket price for whatever home game a given college may designate as "Olympic Fund Raising."

If, for example, Notre Dame decides to do its part in the campaign at its home football games, you can pay the established price and get in to see the game. As a voluntary move on your part, you can add 25 cents for the Olympic fund.

The committee took great pains to stress the voluntary aspect of the plan because of a treasury department ruling that such an assessment is non-taxable only if no compulsion is involved.

**Will Get Certificate**  
A handsomely engraved certificate will go with each 25 cent payment made.

There is, of course, the possibility that some fans will refuse to pay the Olympic assessment; but, according to a statement issued by the committee, "experience with this basic plan in fund raising for the cancelled 1940 Olympic games indicated such refusals will be so rare as to be negligible."

# Truman Asks Congress For New Legislation On Munitions Exports

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

WASHINGTON, April 16—(INS)—President Truman on Tuesday afternoon asked Congress for legislation superceding the old, out-moded Neutrality Act to provide federal control of the export of munitions and war materials to fit the government's present-day foreign policy.

The chief executive, in a special message to Congress, asserted that the Neutrality Acts of 1935, 1937, and 1939 "were founded on the principle of impartiality toward all who would secure munitions from us regardless of their motives."

He declared:

"No Longer Consistent  
"Such a provision of law is no longer consistent with this country's commitments and requirements."

"We have committed ourselves to international cooperation through the United Nations."

"If this participation is to be fully effective this government must have control over traffic in weapons which will permit us to act in accordance with our position in the United Nations and will be adaptable to changes in the international situation."

"Therefore, there must be new legal provisions enabling the exercise of discretion in the granting or rejecting of applications for export or import licenses for arms, ammunition, and implements of war and related items."

The President sent Congress a copy of proposed legislation to carry out his request.

Aim of Measure

He said the measure is designed to:

1. Permit in normal times of peace, control over traffic in arms or other articles used to supply directly or indirectly, a foreign military establishment.

2. In times of international crisis to allow control over any article the export of which would affect the security interests of the United States.

The President's request embodies a complete reversal of the old pre-Second World War Neutrality Act.

which permitted the supplying of foreign governments with war implements and materials, requiring only the obtaining of a permit from the Secretary of State, except when the country was actually in a state of war.

The new proposal would shut off special machinery and tools used in the production of arms and ammunition, as well as arms and munitions themselves, if such export was considered of possible danger to this nation's security.

The President said:

"In the interest of world peace articles supplying a foreign military establishment cannot be left free from government supervision so far as exports are concerned."

"Prior to the last war there were no provisions for controlling articles supplying foreign military establishments."

"This condition must not be allowed to recur."

"The proposed legislation is consistent with the international trade policies I outlined a short time ago at Waco, Tex."

"It is designed to protect the security interests and to carry out the foreign policy of the United States."

The President said that another important change in the new policy provides for obtaining fuller information on the threat of new wars anywhere in the world. These facts would be made available to Congress in the reports of the National Munitions Control Board, the President said.

Mr. Truman explained that at the present time there is no provision whatsoever for supervising the activities of manufacturers or importers of exporters of arms, ammunition and implements of war in buying or selling such weapons for export.

He said:

"These brokers assume none of the responsibilities of this important traffic, yet they promote it, often irresponsibly, and need only concern themselves with the profits to be found in the trade."

"It is scarcely fair, to those who have the responsibility of carrying on a legitimate business, that such people should not be subject to the regulation."

"The international traffic in munitions and related items is a matter of major concern to us and to the other nations of the world."

## Body Of Man Is Found In River

PITTSBURGH, April 16—(INS)—The coroner's office reported today the discovery of the body of Private Charles R. McCarthy, 23, of nearby Wilkensburg, in the Monongahela river at Pittsburgh.

McCarthy, who had re-enlisted following his return from overseas duty, had been missing since January 3, when he left his home to return to Fort Belvoir, Va., at the end of a furlough.

An autopsy was scheduled to determine whether there was any evidence of foul play in the soldier's death.

## 'Pied Piper' Play For Children Will Be Here April 25

Fourth And Last In Series Of Plays  
For Children Dramatizes  
Favorite Story

"Rats. They fought the dogs and killed the cats," that's what we're told in the "Pied Piper of Hamelin" to be presented Friday evening, April 25, in the senior high school auditorium when once again the Federation Juniors of New Castle bring Grace Price Productions of the Children's Theatre.

For the hundreds of children who see these plays each year there is in store a treat of laughs as they watch the Pied Piper frighten the rats and bewitch the people of Hamelin with his magic pipe.

The delightful story of the Pied Piper has been adapted from Robert Browning's famous poem by Miss Madge Miller, well known Pittsburgh dramatist.

With this final play of the 1946-47 series Miss Price brings a delightful comedy, beautifully costumed and expertly cast. Admission is by season ticket for the series of Pittsburgh Children's Theatre productions of which "The Pied Piper" will be the fourth and last.

Federation Junior committee for the play project is Mrs. Joseph W. Pearson, Mrs. Louis Hazen, Mrs. Alex J. Brincko, Mrs. Marshall G. Matheny, and Miss Margaret G. Brown.

## Blame Is Placed For Mine Disaster

PITTSBURGH, Pa., April 16—(INS)—A faulty ventilating system was blamed today for an explosion in the Knox Coal Company's Schooley shaft at nearby Exeter, which killed 10 miners and injured eight others.

State and federal mine inspectors said in a joint report that the ventilating failure permitted explosive gases to collect in the pits, touching off the blast on April 10.

E. H. McClary, supervising engineer of the U. S. Bureau of Mines said gas still present in the mine "made a full investigation impossible at this time."

The mine will not be re-opened until a final report is completed, he added.

The report said a mine foreman, killed by the explosion, was negligent because he failed to inspect the mine properly before the men entered the digging on the morning of the blast.

## Portersville High School Juniors To Present Play

Junior class of Muddy Creek township high school, Portersville, will present the play, "A Pair of Country Kids," on Friday evening, April 18 at 8:00 p. m. in the Princeton high school auditorium. The play, a comedy in three acts under the direction of Miss Mary Rosser, has already been presented twice at the North Grange hall where it proved to be a great success.

Music will be presented by the Princeton High school orchestra under the direction of Delbert Eakin. The cast for the play is as follows: Mrs. Starr, Shirley Neiper; Lucindy Appleby, Louise Neely; Susan Grimes, Doris Hilliard; Ambrose Snegstins, Dave Brenneman; Mr. A. Roemer, Edward Hallstein; "Hi" Hawkins, Jarvis Brenneman; "Sis" Spooner, Bertha McClymonds; Mr. A. Roberts, George Bauder; April Starr, Patty Carlton; Philip West, Leslie Fisher.

## Bomb Is Found In Dover House

LONDON, April 16—(INS)—A plot to destroy Dover House, part of the British Colonial office in the heart of London's Whitehall government district, was discovered today.

Authorities found a crude, hand-made bomb which nevertheless was described as "most powerful" and capable of blowing up the building if detonated.

Indications were that the fuse had been lighted, but had gone out.

Composed of a number of sticks of gelignite, a powerful explosive, the bomb was wrapped in brown paper and resembled a parcel. It was found in the ladies' cloakroom at Dover House, which frequently is visited by persons interested in making exports to Palestine.

"MERCY FLIGHT"  
NEW YORK, April 16—(INS)—A Pan American Airways Clipper was speeding today toward Panama carrying 10,000 earthworms on a "mercy flight."

The worms are the favorite food of duck-bill platypuses, three of which are aboard a freighter from Australia. The rare mammals which live exclusively on a diet of earthworms, are bound for the Bronx Zoo. Only one other platypus has been seen in this country and it lived only forty-nine days.

## Steel Industry Labor Outlook Is Still Serious

NEW YORK, April 16—(INS)—Iron Age said today that "nothing has happened in the past week to change the serious steel labor outlook."

The national metal working paper said meetings had been held "occasionally" between the steel firms and the United Steel Workers but that they have produced "nothing."

The paper added: "This fussing around is expected to be eliminated by the beginning of next week when both sides will be forced to attempt to do in 10 days what could have been done in the past 3 1/2 months."

Iron Age said that unless conditions change radically there is a 50-50 chance that the steel industry will be shut down by a strike by May 1.

## Kidnap Charges Faced By Man

PITTSBURGH, April 16—(INS)—The Pittsburgh field office of the Federal Bureau of Investigation today announced kidnap charges have been filed against Orval Baysinger,

26, of Bluff, Pa., following identification last night.

FBI agents said Baysinger entered the automobile of Mr. and Mrs. Leslie Hughes, of Graysville, at Graysville, Pa., on a highway near Grafton, W. Va.

Hughes and his wife identified the alleged suspect following his arrest in Waynesburg, Pa., Monday.
